Volkswagen

Full Accessories Catalogue for Passenger Cars

Volkswagen Accessories

100 % Volkswagen

Every single Volkswagen Genuine Accessories product is developed in parallel with the vehicle itself, and manufactured from high-quality materials using state-of-the-art production processes. Our strict safety tests often even exceed the legally required standards. To guarantee that you always remain satisfied – and your Volkswagen stays a Volkswagen.

10 Vehicle-specific Accessories

Add an extra special touch to your vehicle. In the first section you will find our range of custom-fit aerodynamic and design solutions, as well as individual accessories for your specific vehicle model. They're sure to get you noticed!

10	Arteon & Arteon Shooting Brake	96	Scirocco
18	Beetle & Beetle Cabriolet	102	Sharan
26	Golf & Golf Estate	112	T-Cross
42	Golf Sportsvan	122	T-Roc & T-Roc Cabriolet
52	ID.3	132	Tiguan & Tiguan Allspace
62	ID.4	144	Touareg
72	Passat & Passat Estate	152	Touran
84	Polo	164	up!

172 Universal Accessories

From tail silencer trims, alloy wheels and communication and transport products to practical solutions for added comfort and protection. The second section showcases our universal accessories products, clearly arranged in chapters. Tables at the end quickly show you which products are available for your vehicle.

Complete wheels you can rely on

Understanding the essentials. Our manufacturing expertise.

Simply scan the QR code to explore the full range of alloy wheels and complete wheels from Volkswagen Accessories.

Our complete wheels represent everything that Volkswagen Accessories stands for: outstanding quality, maximum safety standards and state-of-the-art design. No other vehicle component carries as much responsibility as the wheel. Both in terms of safe driving and the vehicle's overall appearance. This is why we offer such an extensive range of complete wheels. Complete wheels from Volkswagen Accessories are designed to match the corresponding Volkswagen models perfectly. Drawing on many years of experience, our engineers choose the ideal wheel, tyre and vehicle combination to ensure that every design meets Volkswagen's high quality and safety standards. Our technical installation checks are an integral part of this, taking into account the engine variants and brake dimensions, as well as axle loads.

Volkswagen Genuine hub caps¹ (pictured right)
Volkswagen Genuine hub caps an with embossed
Volkswagen logo impress with their dynamic
spinning function, which guarantees that the Volkswagen
logo remains in the correct position when driving
or parked.

01 Only the best succeed

Volkswagen Genuine alloy wheels

- Strength tests check the wheel loads when the vehicle is overloaded, in collisions and cornering.
- The materials and surfaces are tested for resistance to traction, expansion, scratches and corrosion.
- Test drives on the track put the complete wheels through their paces under tough conditions.
- Endurance testing on the dual-axle wheel test bench simulates the highest possible load.

02 Extreme endurance athletes

Our selected premium tyres

Over the course of its average lifetime, a tyre can travel far enough to circumnavigate the globe. As the main component that keeps the vehicle connected to the road, it has to be designed to handle a wide range of different driving conditions and provide performance you can rely on. A top-quality tyre is essential. We work closely with leading premium tyre manufacturers to ensure that all our complete wheels provide optimum contact with the road surface.

03 When everything works together

The complete wheel assembly

Using the latest production technology, we automatically assemble wheels and tyres to form a single high-quality unit. Our precise assembly procedures are carried out in temperature-controlled environments to help ensure that all our complete wheels are of the highest quality, and also provide you with a range of other key benefits:

- Optimised rotational and axial measurement for each and every wheel
- Vehicle-specific residual imbalance check
- Expert storage until the complete wheels are ready for delivery.

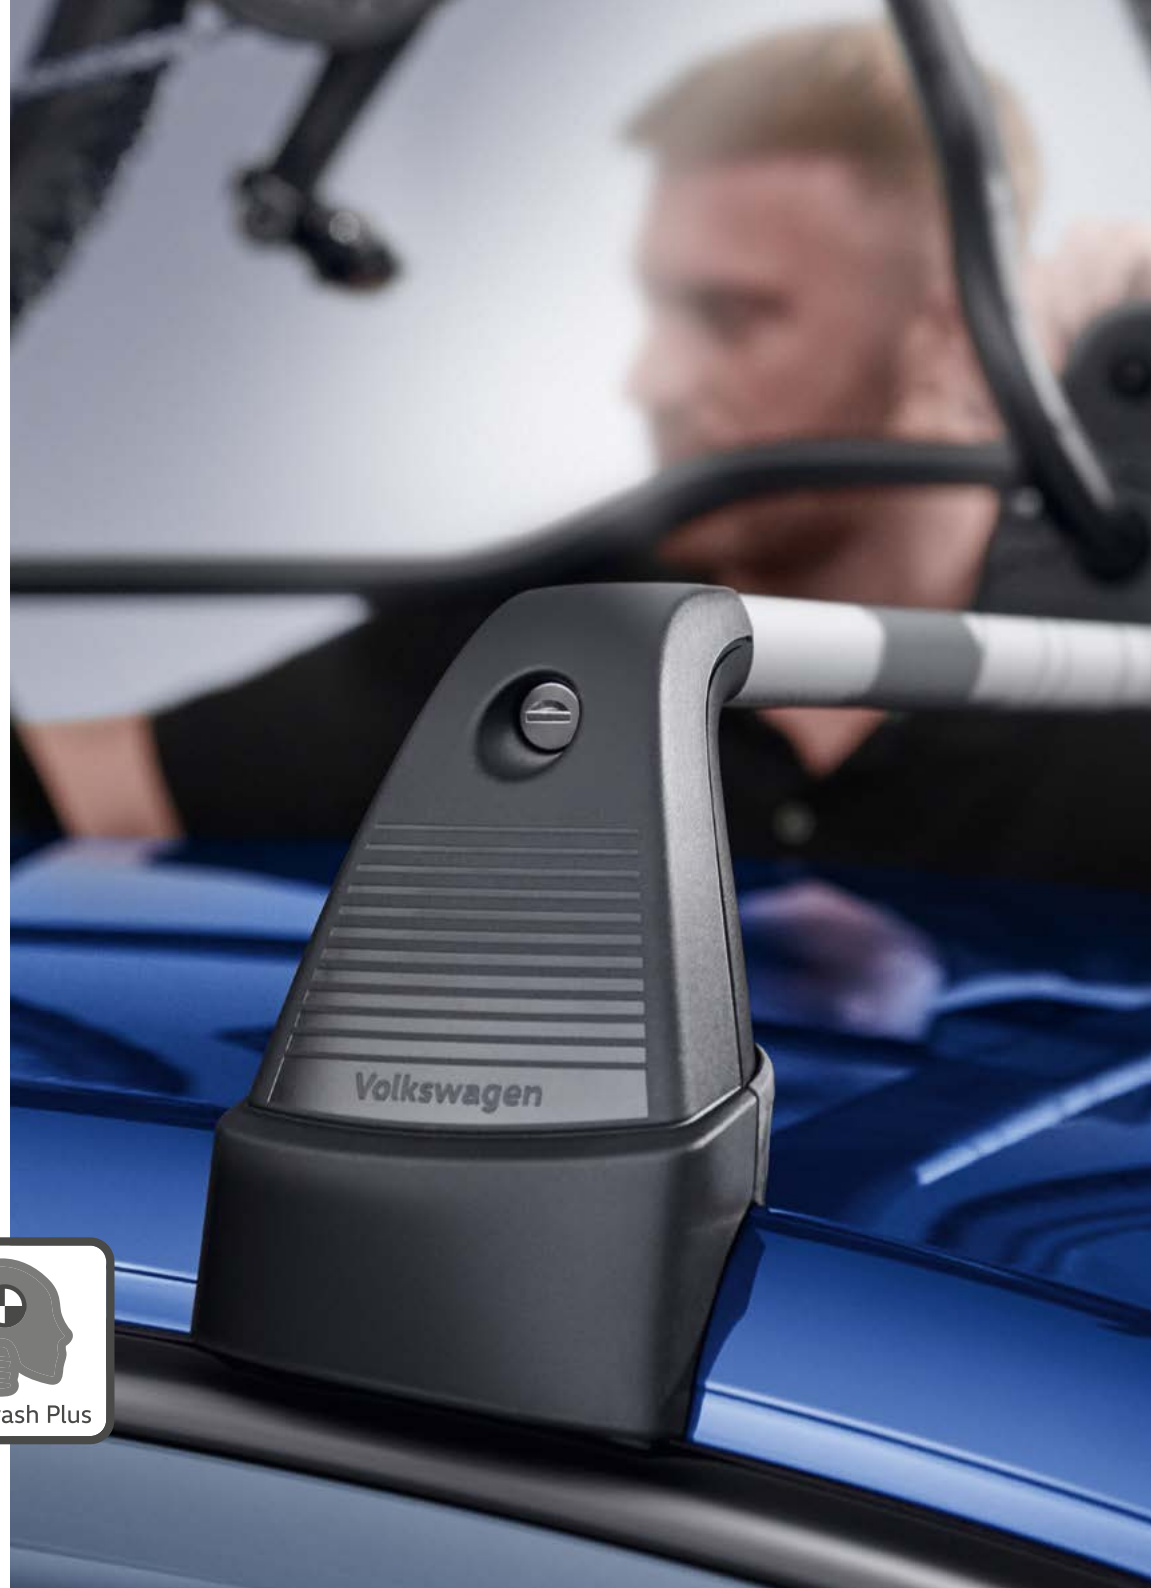

City Crash Test

Because safety matters

Volkswagen's in-house crash tests are carried out at speeds and acceleration rates higher than those required under the DIN 75302 and ISO/PAS 11154 standards and the City Crash¹ test – because Volkswagen believes that its own City Crash Plus tests at 30 km/h and with a 20% overload on the roof are more realistic than the standards set by DIN and ISO.

The latter simulates a rear-end collision in an inner city area at a moderate speed of approximately 17 km/h. Although carried out by "Stiftung Warentest" and the "ADAC", it is not a legal requirement in Germany.

Quality is when it just fits

For everyone who wants more: even more

More intelligent transport options, for instance. Or simply more tried-and-trusted Volkswagen Genuine Accessories quality. We know that this trust is not simply granted to our Genuine parts; it has to be earned again and again, day after day. By using materials that simply work perfectly together, designing products which simply look better, and providing functions which simply open up additional opportunities. In short: by making good things better every day. More beautiful, more functional, more comfortable.

Uncompromising satisfaction

Harder, stricter, further, more – Volkswagen test procedures for transport systems go beyond the legally prescribed standards. In terms of materials, in the laboratory and finally on the test track. Only 100 % top quality products earn the Volkswagen Genuine name. No compromises.

Laboratory tests: Corrosion tests in salt water spray systems, UV resistance and environmental compatibility checks and many other laboratory tests examine all the relevant material properties. Certain products are exposed to extreme temperatures in climatic chamber tests. To pass, the functionality of the components must remain unimpaired whatever the conditions.

Endurance: Whether over short distances, at high speed or along demanding routes – we test our products' durability under continuous load conditions. The special road endurance test is carried out using the maximum permissible load and a variety of different testing profiles.

Test track: Our test drives with very high forward and side-to-side acceleration, produced by weaving around obstacles, hard braking and by driving on cobblestone surfaces, subject the transport accessories to extremely tough conditions over and over again.

**Genuine quality is
always worthwhile:**

- Made-to-measure
- Simple installation
- Sophisticated system solutions
- High design standards

Accessories **Arteon & Arteon Shooting Brake**

The Arteon and the Arteon Shooting Brake combine perfectly styled elegance, powerful dynamics and exclusive comfort. There's no question that the matching accessories also remain true to this ethos.

[More universal accessories for your Arteon or Arteon Shooting Brake can be found from page 172 onwards.](#)

Picture shows: Roof bars page 12, roof box page 190, "Montevideo" wheel page 15

Sport and Design

01 A truly eye-catching feature. The easy-to-fit, attractive matt chrome-look **Volkswagen Genuine exterior mirror caps** lend your Arteon or Arteon Shooting Brake an even more sophisticated and sportier look.

02 Give your Arteon or Arteon Shooting Brake an even more dynamic appearance. **LED exterior mirror turn signals with dynamic turn signal** help to warn other road users when you are about to turn thanks to the running light effect. The tinted, darkened "Black Edition" light strip lends the turn signals a sportier look. Plug & Play makes them simple to retrofit.

03 A feature that has what it takes. The **Volkswagen Genuine chrome-look rear protective strip** on your Arteon is both an attractive feature, and also provides effective protection. The sensitive rear section of your vehicle is therefore well protected against scratches and paint damage. The rear protective strip is simply glued to the lower edge of the boot lid.

Transport

01-02 Take everything you need with you in your Arteon or Arteon Shooting Brake. The custom-fit and fully pre-installed **Volkswagen Genuine roof bars**¹ (01) form the base for the fast and stable fitting of all roof attachments. This retrofit, swivelling **Volkswagen Genuine towing bracket** (02) including 13-pin electrical installation kit gives you a perfectly coordinated complete package. The ideal base for bicycle carriers or boat trailers.

Comfort and Protection

02 Protecting the value of your vehicle can also enhance its attractiveness. Rely on **Volkswagen Genuine sill panel trim films in Black/Silver** to protect the heavily used door sills of your Arteon.

01 Custom-fit protection for your Arteon or Arteon Shooting Brake can be this lightweight and flexible. The **Volkswagen Genuine luggage compartment insert** (not shown) combines practical benefits, protection, convenience and quality. Its non-slip finish also helps to stop items from sliding around. It protects the luggage compartment from dirt and moisture. The robust, durable and custom-fit **Volkswagen Genuine luggage compartment tray** with Arteon lettering is the easy way to keep your luggage compartment clean and tidy. The surrounding rim helps to minimise the risk of liquids leaking out. The practical **Volkswagen Genuine load sill protection** is made of transparent film and prevents damage when loading and unloading. It is simply glued to the load sill of the rear bumper.

Comfort and Protection

01-02 Volkswagen Genuine Accessories provide well-thought-out protection for the interior and exterior of your vehicle. Protect your Arteon or Arteon Shooting Brake and the vehicle behind from flying dirt, hazardous stones and spray with these extremely hard-wearing **Volkswagen Genuine mudflaps** (01). Available for both front and rear. 100% recyclable and hard-wearing **Volkswagen Genuine all-weather floor mats** (02) with vehicle lettering on the front mats keep dirt and moisture away from the footwell of your vehicle all year round.

Accessories **Beetle & Beetle Cabriolet**

What could be more beautiful than a Beetle? That's right. More Beetle. Indulge your designer work of art on four wheels with accessories precisely tailored to its distinguished character. More Beetle essentially.

More universal accessories for your Beetle or Beetle Cabriolet can be found from page 172 onwards.

Sport and Design

01 Individual protection can really be this attractive. High-quality stainless steel **Volkswagen Genuine sill panel trims** with Beetle, Bug, Käfer or Volkswagen lettering. They protect your vehicle's door sill from scratches, and are also a visually eye-catching feature for your Beetle or Beetle Cabriolet.

02 It's what it says it is. The Amalfi White lettering of **Volkswagen Genuine Accessories decorative film** for the side panels gives your Beetle or Beetle Cabriolet a distinctive image. The film can be professionally fitted by a qualified workshop.

01

01 Custom-made protection can be this lightweight and flexible. The slip-resistant **Volkswagen Genuine luggage compartment insert** is designed to fit the contours of the luggage compartment of your Beetle or Beetle Cabriolet perfectly and reliably protect it from dirt and moisture. This practical, made-to-measure **Volkswagen Genuine load sill protection** is made of transparent film and prevents damage during loading and unloading. It is simply glued to the load sill of the rear bumper.

02 Everything always in sight. **Volkswagen Genuine park distance control** is automatically activated when the reverse gear is engaged. Four sensors and an acoustic warning signal assist reverse parking. Design may vary depending on the vehicle.

02

03 Virtually invisible, but visibly effective. Scratches don't stand a chance with custom-fit transparent **Volkswagen Genuine sill panel trim films**. They are simply applied to the painted door sill areas of your Beetle or Beetle Cabriolet.

04-05 Well protected in every situation. Protect your Beetle or Beetle Cabriolet and the vehicle behind from flying dirt, hazardous stones and spray with these extremely hard-wearing **Volkswagen Genuine mudflaps** (04). The **Volkswagen Genuine windbreak** (05) prevents air turbulence in the interior of your Beetle Cabriolet. Among other things, it ensures lower noise levels. The windbreak can be fully fitted without the need for drilling.

Comfort and Protection

Comfort and Protection

01-03 In line with the mantra "It's what's inside that matters", Volkswagen Accessories also sets great store by protecting the interior of your vehicle. Tailor-made **Volkswagen Genuine "Premium" textile floor mats** (01) made of hard-wearing velour feature "Beetle" or "Käfer" lettering on the front mats. Hard-wearing **Volkswagen Genuine all-weather floor mats** (02) with Beetle lettering on the front mats keep dirt and moisture away from the footwell of your vehicle all year round. Practical **"Plus" textile floor mats** (03) ensure pleasant cleanliness in the footwell of your vehicle.

Accessories **Golf & Golf Estate**

Dynamic and innovative, the Golf is setting new standards, and thus shaping an entire generation of vehicles. Enjoy a typical Golf feeling – even sportier, even more digital and with even more customisation options: with Genuine Accessories.

More universal accessories for your Golf or Golf Estate can be found from [page 172 onwards](#).

Picture shows: Roof bars [page 30](#), roof box [page 190](#), load sill protection [page 32](#)

Sport and Design

01-05 A truly eye-catching feature. Easy-to-fit **Volkswagen Genuine exterior mirror caps** in high-gloss black (01), carbon-look (02) or matt chrome (03) lend your Golf or Golf Estate an even more sophisticated and sportier look. **LED exterior mirror turn signals with dynamic turn signal** (04) give your Golf or Golf Estate an even more dynamic appearance. The exterior mirror turn signals help to warn other road users when you are about to turn thanks to the running light effect. The tinted, darkened “Black Edition” light strip lends the turn signals a sportier look. Plug & Play makes them simple to retrofit. Partially tinted **Volkswagen Genuine LED tail light clusters**¹ (05) with animated turn signals provide an illuminating feature for the rear of your Golf.

¹ Only for the Golf with High LED tail light clusters.

01-03 The optimum combination of attractive appearance and well-thought-out protection. **Volkswagen Genuine load sill protection** in stainless steel-look (01), carbon-look (02) or piano lacquer-look (03) protects the paintwork during loading and unloading, but also lends an additional visual touch to your Golf. It is easy to attach – simply stick it onto the load sill of the rear bumper.

04 Sometimes the best comes last. The high-quality chrome-look **Volkswagen Genuine rear protective strip** is both an eye-catching feature for your Golf or Golf Estate, and also provides effective protection for the edge of the boot lid. It is glued to the lower edge of the boot lid.

Sport and Design

05-07 A powerful entrance. The aerodynamically shaped **Oettinger front spoiler** (05) is a clear signal of your Golf's impressive dynamism. The inlet in the middle further emphasises this sportiness. Essential for a sporty look: **Oettinger side skirts** (05) with suspension-lowering effect. They are made of high-strength and flexible plastic and so withstand even high stresses. The black-painted **Oettinger roof spoiler** (06) not only looks good but is also effective. It significantly enhances the rear of your Golf, improving its aerodynamics. The sporty design of the high-quality **Oettinger diffuser** (07) is a real attention-grabbing feature. It boasts a three-part diffuser tip with a removable middle section when using a towing bracket.

05

Transport

01-02 Take everything you need with you in your Golf or Golf Estate. The custom-fit and fully pre-installed **Volkswagen Genuine roof bars**¹ (01) and **Volkswagen Genuine cross bars**¹ (02) form the base for the fast and stable fitting of all roof attachments.

03 A veritable powerhouse. The retrofit removable (03), fixed (not shown) or swivelling (not shown) **Volkswagen Genuine towing bracket** including 13-pin electrical installation kit provides a perfectly coordinated complete package for your Golf or Golf Estate. The ideal base for bicycle carriers or boat trailers.

Comfort and Protection

01-03 Custom-fit protection for your Golf or Golf Estate can be this lightweight and flexible. The **Volkswagen Genuine luggage compartment insert** (not shown) combines practical benefits, protection, convenience and quality. Its non-slip finish also helps to stop items from sliding around. It protects the luggage compartment from dirt and moisture. The robust, durable and custom-fit **Volkswagen Genuine luggage compartment tray** (01) with Golf lettering is the easy way to keep your luggage compartment clean and tidy. The surrounding raised rim reduces the risk of liquids running out into the luggage compartment. The wide-ribbed **Volkswagen Genuine boot liner** (02) with Golf lettering is extremely hard-wearing and suitable for anything that tends to make a mess in the boot of your Golf, such as dirty shoes or plants. It is easy-clean, thanks to its smooth plastic finish. The custom-fit **Volkswagen Genuine reversible floor covering** (03) has the right surface for all sensitive, dirty or damp goods. The robust protective fabric for the load sill can be folded out, and is thus effective at avoiding scratches when loading and unloading your Golf or Golf Estate.

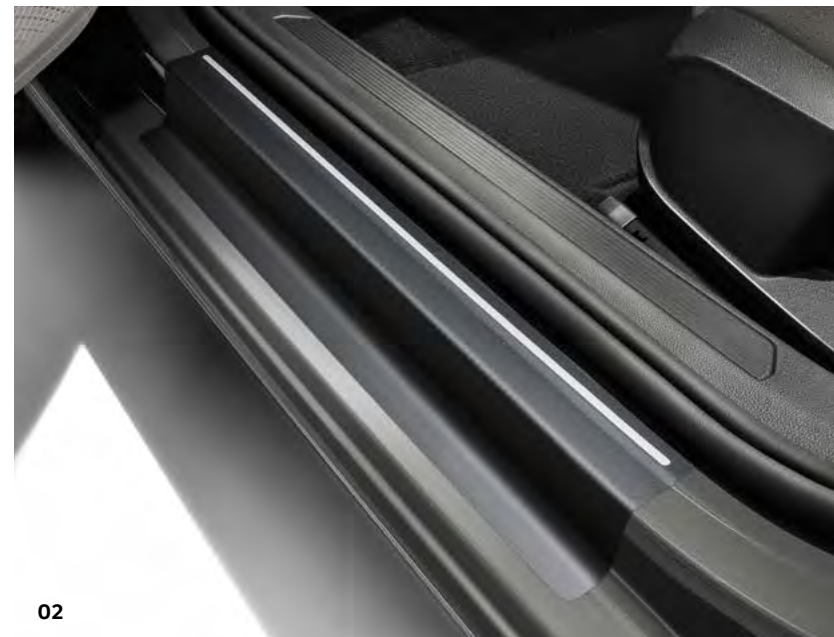

DETAIL

Once turned into place, the sturdy plastic studs on the rear side of the reversible floor covering grip perfectly, protecting your vehicle from even heavy dirt and loads.

01

01 The **Volkswagen Genuine net partition** effectively separates the passenger compartment and luggage compartment of your Golf Estate. Ideal when dogs are on board. This practical, made-to-measure **Volkswagen Genuine load sill protection** is made of transparent film and prevents damage when loading and unloading your Golf or Golf Estate. It is simply glued to the load sill of the rear bumper.

02

02 Protecting the value of your vehicle can also enhance its attractiveness. Rely on **Volkswagen Genuine sill panel trim films in Black/Silver** to protect the heavily used door sills of your Golf or Golf Estate.

03 Outstanding comfort even on the rear seats. The custom-fit **Volkswagen Genuine sun blind** enhances the comfort of passengers on the rear seats of your Golf or Golf Estate by protecting them from direct sunlight.

03

Comfort and Protection

04-05 Well protected in every situation. Protect your Golf or Golf Estate and the vehicle behind from flying dirt, hazardous stones and spray with these extremely hard-wearing **Volkswagen Genuine mudflaps (04)**. **Volkswagen Genuine door wind deflectors (05)** enable you to keep the windows slightly open and enjoy fresh air even when it is raining or snowing.

06 Everything always in sight. The **Volkswagen Genuine rear view camera system¹** realistically depicts the area behind your Golf or Golf Estate on the display of the radio navigation system. Guide lines and the high-resolution display help the driver navigate precisely into the parking space.

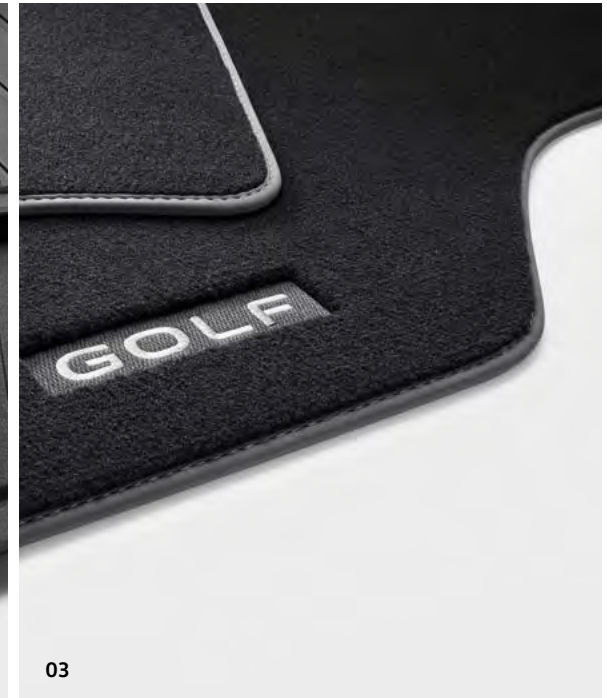

¹ Please note the camera's limited field of vision and the limits of the system. Please follow the vehicle wallet precisely.

Comfort and Protection

01-05 In line with the mantra “It’s what’s inside that matters”, Volkswagen Accessories also sets great store by protecting the interior of your vehicle. **Volkswagen Genuine “Optimat” textile floor mats (01)** with Golf lettering on the front mats combine the qualities of rubber floor mats with the elegance of textile floor mats. Hard-wearing **Volkswagen Genuine all-weather floor mats (02)** with Golf lettering on the front mats keep dirt and moisture away from the footwell of your vehicle all year round. Tailor-made **Volkswagen Genuine “Premium” textile floor mats (03)** made of hard-wearing velour feature Golf lettering on the front mats. Practical **“Plus” textile floor mats (04)** and **“Plus” rubber floor mats (05)** ensure pleasant cleanliness in the footwell of your vehicle.

Accessories **Golf Sportsvan**

The sporty space-saving miracle with the heart of a Golf offers plenty of space: for the family, luggage, hobbies and, of course, for all your personal belongings. Keen for it to be little sportier? Safer? More comfortable? With pleasure!

[More universal accessories for your Golf Sportsvan can be found from page 172 onwards.](#)

Picture shows: "Premium" bicycle carrier page 182,
"Pretoria" alloy wheel page 48

Sport and Design

01-02 A feature that has what it takes. The **Volkswagen Genuine chrome-look rear protective strip (01)** on your Golf Sportsvan is both an attractive feature and also provides effective protection. The sensitive rear section of your vehicle is therefore well protected against scratches and paint damage. The rear protective strip is simply glued to the lower edge of the boot lid. The hard-wearing and yet visually appealing **Volkswagen Genuine stainless steel-look load sill protection (02)** ensures that nothing goes wrong when loading things into the luggage compartment.

Transport

01-02 Take everything you need with you in your Golf Sportsvan. Custom-fit and stable **Volkswagen Genuine cross bars**¹ (01) made of aerodynamically shaped aluminium profiles are attached to the roof railing and form the base for the quick and stable fitting of all roof attachments. The retrofit removable (02) or fixed (not shown) **Volkswagen Genuine towing bracket** including 13-pin electrical installation kit provides a perfectly coordinated complete package. The ideal base for bicycle carriers or boat trailers.

03 Everything always in sight. The **Volkswagen Genuine rear view camera system**² realistically shows the area behind your Golf Sportsvan on the radio/navigation unit display. Guide lines and the high-resolution display help the driver navigate precisely into the parking space.

¹ City Crash-tested in accordance with ISO/PAS 11154

² Please note the camera's limited field of vision and the limits of the system. Please follow the vehicle wallet precisely.

Comfort and Protection

NOTE

Before starting off, ensure that any load is properly secured in the luggage compartment.

01-03 Custom-fit protection for your Golf Sportsvan can be this lightweight and flexible. The robust, durable and custom-fit **Volkswagen Genuine luggage compartment tray** (01) with Golf lettering is the easy way to keep your luggage compartment clean and tidy. The surrounding raised rim reduces the risk of liquids running out into the luggage compartment. The wide-ribbed **Volkswagen Genuine boot liner** (02) with Golf lettering is extremely hard-wearing and suitable for anything that tends to make a mess in the boot of your Golf Sportsvan, such as dirty shoes or plants. It is easy-clean, thanks to its smooth plastic finish. Fitting the transparent **Volkswagen Genuine load sill protection** (01) is recommended to protect your paintwork when loading and unloading, and stop scratches in their tracks. Rely on **Volkswagen Genuine sill panel trim films in Black/Silver** (03) to protect the heavily used door sills of your vehicle. Protecting the value of your vehicle can also enhance its attractiveness.

01-03 Well protected in every situation. Protect your Golf Sportsvan and the vehicle behind from flying dirt, hazardous stones and spray with these extremely hard-wearing **Volkswagen Genuine mudflaps** (01). **Volkswagen Genuine door wind deflectors** (02) enable you to keep the windows slightly open and enjoy fresh air even when it is raining or snowing. The custom-fit **Volkswagen Genuine sun blind** (03) enhances the comfort of passengers on the rear seats of your Golf Sportsvan by protecting them from direct sunlight.

01

02

03

Comfort and Protection

04-08 In line with the mantra "It's what's inside that matters", Volkswagen Accessories also sets great store by protecting the interior of your vehicle. Tailor-made **Volkswagen Genuine "Premium" textile floor mats** (04) made of hard-wearing velour feature Golf lettering on the front mats. **Volkswagen Genuine "Optimat" textile floor mats** (05) with Golf lettering on the front mats combine the features of rubber floor mats with the elegance of textile floor mats. Hard-wearing **Volkswagen Genuine all-weather floor mats** (06) with Golf lettering on the front mats keep dirt and moisture away from the footwell of your vehicle all year round. Practical **"Plus" textile floor mats** (07) and **"Plus" rubber floor mats** (08) ensure pleasant cleanliness in the footwell of your vehicle.

Accessories ID.3

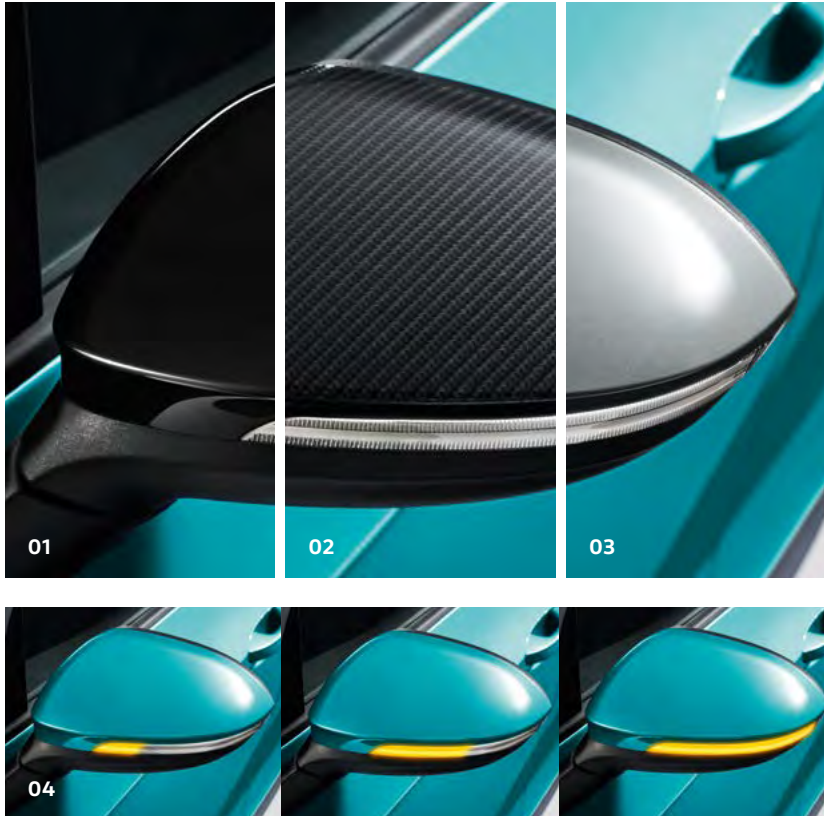

You embody the new generation of electric mobility with your ID.3. A generation that does not fail to inspire in terms of performance, design and range. And, of course, with the right accessories.

More universal accessories for your ID.3 can be found from page 172 onwards.

Picture shows: "Premium" bicycle carrier page 182, "Loen" wheel page 59

Sport and Design

01-05 Visual highlight features, complemented by proper protection: a mix that suits your ID.3. **Volkswagen Genuine exterior mirror caps** in sophisticated black (01), sporty carbon-look (02) or attractive matt chrome-look (03), deliver the sporty and elegant detailing. **LED exterior mirror turn signals with dynamic turn signal** (04) help to warn other road users when you are about to turn thanks to the running light effect. The tinted, darkened "Black Edition" light strip lends the turn signals a sportier look. Plug & Play makes them simple to retrofit. The **Volkswagen Genuine chrome-look rear protective strip** (05) protects your paintwork from scratches and makes a visual statement.

Transport

01 Looking for flexibility and cleverness? Our retrofit **Volkswagen Genuine towing bracket designed as a bicycle carrier preparation** enables you to fit a bicycle carrier so that you can always take your bicycles with you in your ID.3. Then pack away your bicycle carrier in the transport bag made-to-measure for the carrier.

01 Custom-fit protection for your ID.3 can be this lightweight and flexible. The **Volkswagen Genuine luggage compartment insert** (not shown) combines practical benefits, protection, convenience and quality. Its non-slip finish also helps to stop items from sliding around. It protects the luggage compartment from dirt and moisture. The robust, durable and custom-fit **Volkswagen Genuine luggage compartment tray** (01) with ID.3 lettering is the easy way to keep your luggage compartment clean and tidy. The surrounding raised rim reduces the risk of liquids running out into the luggage compartment.

Comfort and Protection

02-03 Distinctively elegant or subtly restrained? It's your choice with the **Volkswagen Genuine load sill protection** for your ID.3. It is available as a brushed black (03) or as a transparent film (02) strip. Regardless of which version you opt for, the load sill protection effectively protects your sill against damage when loading and unloading.

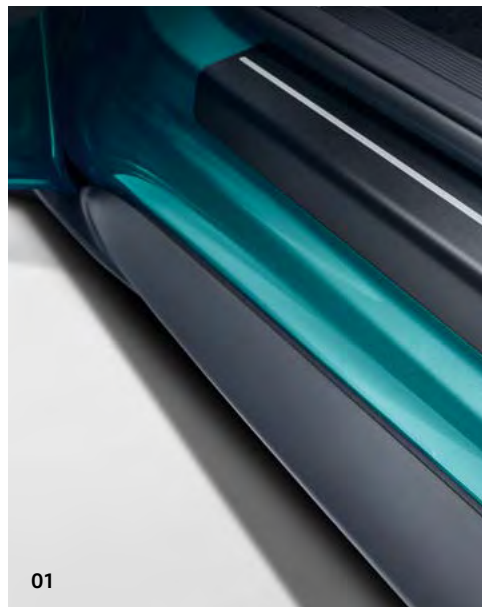

04 Regardless of how you corner and manoeuvre your ID.3, it nonetheless deserves optimum protection. The custom-fit **Volkswagen Genuine reversible floor covering** has the right surface for all sensitive, dirty or damp goods. The robust protective fabric for the load sill can be folded out from the reversible mat and thus is an effective help in avoiding scratches when loading and unloading your ID.3.

DETAIL

Once turned into place, the sturdy plastic studs on the rear side of the reversible floor covering grip perfectly, protecting your vehicle from even heavy dirt and loads.

01-02 Protecting the value of your vehicle can also enhance its attractiveness. Rely on custom-fit **Volkswagen Genuine sill panel trim films in Black/Silver** (01) and on virtually invisible, but visibly effective **Volkswagen Genuine transparent sill panel trim films** (02) to protect the heavily used door sills of your ID.3. Protect your ID.3 and the vehicle behind from flying dirt, hazardous stones and spray with these extremely hard-wearing **Volkswagen Genuine mudflaps** (not shown).

03 Outstanding comfort even on the rear seats. The custom-fit **Volkswagen Genuine sun blind** enhances the comfort of passengers on the rear seats of your ID.3 by protecting them from direct sunlight.

04 The perfect partner for your ID.3 when out and about. The practical **Volkswagen Genuine emergency charging cable** including storage bag lets you simply charge your electric vehicle on a normal household socket even without a charging station¹. This lets you continue your journey to the nearest charging station. The use of a home charging station is recommended for fully charging your vehicle overnight at home.

Comfort and Protection

05-09 The value of the interior of your ID.3 should also be ideally maintained. A wide range of different high-quality floor mats is available. From the versatile **"Optimat" Genuine textile floor mats** (05), hard-wearing and 100 % recyclable **Volkswagen Genuine all-weather floor mats** (06), finely woven **Volkswagen Genuine "Premium" textile floor mats** (07) to practical **"Plus" textile floor mats** (08) and **"Plus" rubber floor mats** (09).

The requirements of the current ABE (German type approval) or of current certification must be complied with. Please use the standard-fit wheel bolts provided. Please ensure that the load index (LI) of the selected tyres is not lower than the LI specified in the vehicle documents or CoC papers. All winter alloy wheels are treated with an especially resistant coating to ensure that they are suitable for use in winter.

Accessories **ID.4**

The ID.4 offers a totally new space concept with built-in sustainability. An innovative combination that opens up a wealth of possibilities to you. Enjoy the new freedom this offers – also reflected in the wide range of accessories.

[More universal accessories for your ID.4 can be found from page 172 onwards.](#)

Picture shows: Cross bars page 64, roof box page 190, running board page 63, black "Loen" alloy wheel page 69

Sport and Design

01-02 Attractive protection and functionality ingeniously combined for your ID.4. The **Volkswagen Genuine Chrome-look rear protective strip (01)** on your ID.4 is both an attractive feature and also provides effective protection. The sensitive rear section of your vehicle is therefore well protected against scratches and paint damage. The rear protective strip is simply glued to the lower edge of the boot lid. **Volkswagen Genuine running boards (02)** underline the SUV look of the vehicle, making it easier to both get in and load the roof.

Transport

01-02 Take everything you need with you in your ID.4. Custom-fit and stable **Volkswagen Genuine cross bars**¹ (01) made of aerodynamically shaped aluminium profiles, with new ID.-branding and attractive 3D effect caps, are attached to the roof railing and form the base for the quick and stable fitting of all roof attachments. This retrofit, swivelling **Volkswagen Genuine towing bracket** (02) including 13-pin electrical installation kit gives you a perfectly coordinated complete package. The ideal base for bicycle carriers or boat trailers.

Comfort and Protection

01

01-03 The luggage compartment of your ID.4 has what it takes and provides plenty of space. The use of the **Volkswagen Genuine luggage compartment insert (01)** is recommended for the basic luggage compartment floor and the variable luggage compartment floor to ensure that everything stays in the right place. The **Volkswagen Genuine luggage compartment tray** (not shown) and the **Volkswagen Genuine boot liner (02)** are recommended for the basic luggage compartment floor. The **Volkswagen Genuine reversible floor covering with load sill protection (03)** is designed for the variable luggage compartment floor. All Volkswagen Genuine luggage compartment solutions combine practical benefits, protection, convenience and quality.

02

03

DETAIL

Once turned into place, the sturdy plastic studs on the rear side of the reversible floor covering grip perfectly, protecting your vehicle from even heavy dirt and loads.

01

02

01-02 Protecting the value of your vehicle can also enhance its attractiveness. Rely on **Volkswagen Genuine sill panel trim films in Black/Silver (01)** to protect the heavily used door sills of your ID.4. **Volkswagen Genuine transparent sill panel trim films (02)** provide virtually invisible protection. Scratches do not stand a chance and you can maintain your vehicle's appearance for a many years to come.

03 Outstanding comfort even on the rear seats. The custom-fit **Volkswagen Genuine sun blind** enhances the comfort of passengers on the rear seats of your ID.4 by protecting them from direct sunlight.

03

Comfort and Protection

04-06 Best equipped for every situation. **Volkswagen Genuine door wind deflectors** (04) enable you to keep the windows slightly open and enjoy fresh air even when it is raining or snowing. The practical **Volkswagen Genuine emergency charging cable** (05) including storage bag lets you simply charge your ID.4 on a normal household socket even without a charging station¹. This lets you continue your journey to the nearest charging station. Protect your ID.4 and the vehicle behind from flying dirt, hazardous stones and spray with these extremely hard-wearing **Volkswagen Genuine mudflaps** (06).

¹ The socket needs to be in perfect technical working order and have been professionally installed.

Comfort and Protection

01-05 In line with the mantra "It's what's inside that matters", Volkswagen Accessories also sets great store by protecting the interior of your vehicle. Hard-wearing **Volkswagen Genuine all-weather floor mats (01)** with ID.4 lettering on the front mats keep dirt and moisture away from the footwell of your vehicle all year round. **Volkswagen Genuine "Optimat" textile floor mats (02)** with ID.4 lettering on the front mats combine the features of rubber floor mats with the elegance of textile floor mats. Tailor-made **Volkswagen Genuine "Premium" textile floor mats (03)** made of hard-wearing velour feature ID.4 lettering on the front mats. Practical **"Plus" textile floor mats (04)** and **"Plus" rubber floor mats (05)** ensure pleasant cleanliness in the footwell of your vehicle.

Wheels

Winter alloy wheels

"Loen", 19, 20-inch

"Black"
19-inch

Temporary spare wheel set

19-inch

Indispensable in the event of tyre damage. The **Volkswagen Genuine temporary spare wheel set** ensures that you and your ID.4 are well prepared. The set includes a 19-inch temporary spare wheel with vehicle toolkit and jack and can be transported in the luggage compartment. The bag supplied includes all the tools you need to change a tyre.

Snow chains

Snow chains
for the ID.4

The requirements of the current ABE (German type approval) or of current certification must be complied with. Please use the standard-fit wheel bolts provided. Please ensure that the load index (LI) of the selected tyres is not lower than the LI specified in the vehicle documents or CoC papers. All winter alloy wheels are treated with an especially resistant coating to ensure that they are suitable for use in winter.

Accessories **Passat & Passat Estate**

When elegance, pragmatism and performance come together: that's the Passat. The most comfortable solution. For essentially everything. However, naturally you don't want to miss out on individuality with this much universality. So don't.

[More universal accessories for your Passat or Passat Estate can be found from page 172 onwards.](#)

Picture shows: Roof bars and cross bars page 75, roof box page 190, "Pretoria" wheel page 80

Sport and Design

01-02 A truly eye-catching feature. The easy-to-fit, attractive matt chrome-look **Volkswagen Genuine exterior mirror caps (01)** lend your Passat or Passat Estate an even more sophisticated and sportier look.

LED exterior mirror turn signals with dynamic turn signal (02) give your Passat or Passat Estate an even sportier image. The exterior mirror turn signals help to warn other road users when you are about to turn thanks to the running light effect. The tinted, darkened "Black Edition" light strip lends the turn signals a sportier look. Plug & Play makes them simple to retrofit.

03 The gems on the rear of your Passat Estate. Tinted **Volkswagen Genuine LED tail light clusters** provide sportiness down to the last detail with their R-Line look.

Sport and Design

01-02 Attractive design does not rule out exceptional functionality. The **Volkswagen Genuine stainless steel-look load sill protection** for the Passat and Passat Estate (not shown) and the **Volkswagen Genuine chrome-look rear protective strip** (01) for the Passat Estate look good, at the same time as protecting your paintwork. Rely on **Volkswagen Genuine aluminium sill panel trims** (02) to protect the heavily used door sills of your Passat or Passat Estate.

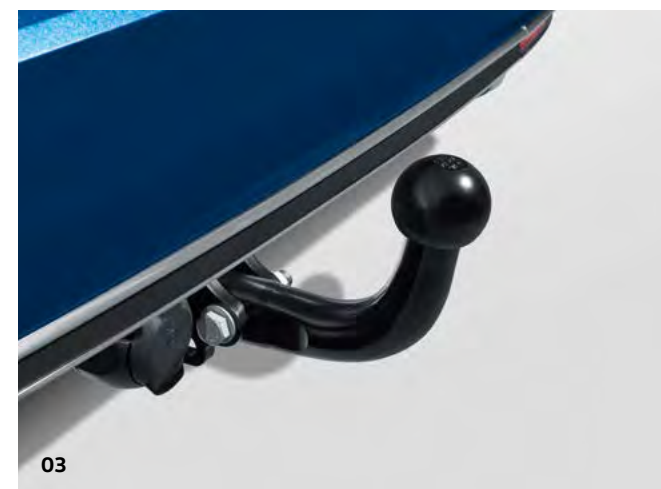

01

02

01-03 Take everything you need with you. The custom-fit and fully pre-installed **Volkswagen Genuine roof bars**¹ (01) for the Passat and **Volkswagen Genuine cross bars**¹ (02) for the Passat Estate form the base for the fast and stable fitting of all roof attachments. The retrofit removable (03), fixed (not shown) or swivelling (not shown) **Volkswagen Genuine towing bracket** including 13-pin electrical installation kit provides a perfectly coordinated complete package for your Passat or Passat Estate. The ideal base for bicycle carriers or boat trailers.

¹ City Crash-tested in accordance with ISO/PAS 11154

01

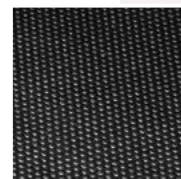

02

NOTE

Before starting off, ensure that any load is properly secured in the luggage compartment.

01-03 Practically pack, transport worry-free. The **Volkswagen Genuine net partition** (01) divides up the passenger compartment and luggage compartment of your Passat Estate. Ideal when dogs are on board. The **Volkswagen Genuine boot liner** (01), **Volkswagen Genuine luggage compartment insert** (02), **Volkswagen Genuine luggage compartment tray** (not shown) and the **Volkswagen Genuine reversible floor covering with load sill protection** (03) combine practical benefits, protection, convenience and quality for your Passat and Passat Estate. Fitting the transparent **Volkswagen Genuine load sill protection** (01) is recommended to protect your paintwork when loading and unloading, and stop scratches in their tracks.

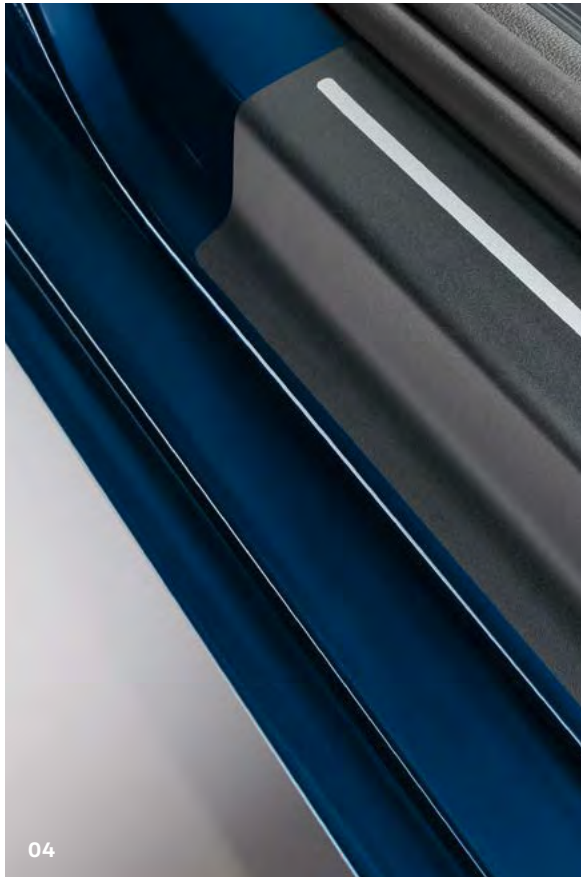

03

DETAIL

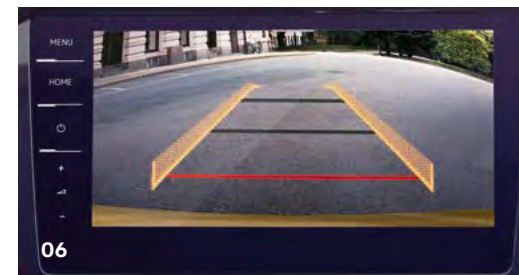

Once turned into place, the sturdy plastic studs on the rear side of the reversible floor covering grip perfectly, protecting your vehicle from even heavy dirt and loads.

Comfort and Protection

04-05 Protecting the value of your vehicle can also enhance its attractiveness. Rely on custom-fit **Volkswagen Genuine sill panel trim films in Black/Silver** (04) and on virtually invisible **Volkswagen Genuine sill panel trim films, transparent** (05) to protect the heavily used door sills of your Passat or Passat Estate.

06 Everything always in sight. The **Volkswagen Genuine rear view camera system**¹ realistically depicts the area behind your Passat or Passat Estate on the display of the radio navigation system. Guide lines and the high-resolution display help the driver navigate precisely into the parking space.

¹ Please note the camera's limited field of vision and the limits of the system. Please follow the vehicle wallet precisely.

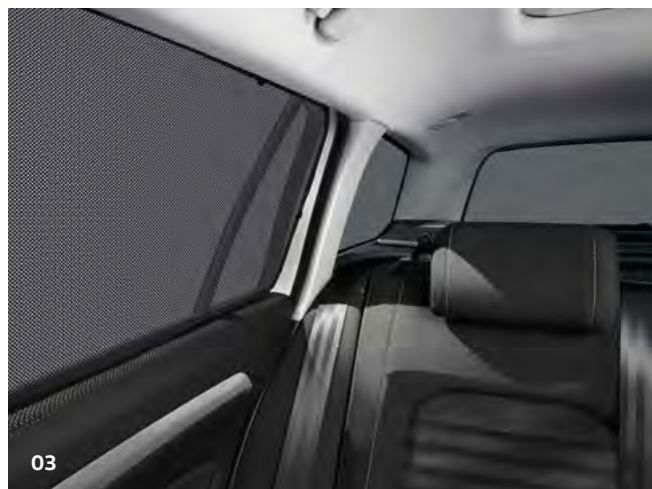

01

01-03 Well protected in every situation. **Volkswagen Genuine door wind deflectors** (01) enable you to keep the windows slightly open and enjoy fresh air even when it is raining or snowing. Protect your Passat or Passat Estate and the vehicle behind from flying dirt, hazardous stones and spray with these extremely hard-wearing **Volkswagen Genuine mudflaps** (02). The custom-fit **Volkswagen Genuine sun blind** (03) enhances the comfort of passengers on the rear seats of your Passat Estate by protecting them from direct sunlight.

The ideal partner out on the road. The practical **Volkswagen Genuine emergency charging cable** (not shown) including storage bag lets you simply charge your Passat GTE on a normal household socket even without a charging station¹. This lets you continue your journey to the nearest charging station. The use of a home charging station is recommended for fully charging your vehicle overnight at home.

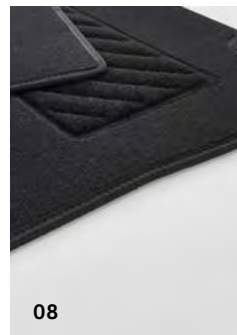

02

03

Comfort and Protection

04-08 In line with the mantra "It's what's inside that matters", Volkswagen Accessories also sets great store by protecting the interior of your vehicle. Tailor-made **Volkswagen Genuine "Premium" textile floor mats (04)** made of hard-wearing velour feature Passat lettering on the front mats. **Volkswagen Genuine "Optimat" textile floor mats (05)** with Passat lettering on the front mats combine the features of rubber floor mats with the elegance of textile floor mats. Hard-wearing **Volkswagen Genuine all-weather floor mats (06)** with Passat lettering on the front mats keep dirt and moisture away from the footwell of your vehicle all year round. Practical **"Plus" rubber floor mats (07)** and **"Plus" textile floor mats (08)** ensure pleasant cleanliness in the footwell of your vehicle.

Accessories **Polo**

Compact car sounds too small, grand car sounds too polite. The Polo simply does everything you need it to. A reliable and sporty powerhouse that adapts perfectly to every occasion, but can also be perfectly adapted.

More universal accessories for your Polo can be found from page 172 onwards.

Picture shows: Cross bars page 87, roof box page 190, "Sebring" wheel page 92

Sport and Design

01-03 An unforgettable entrance – everywhere, every time. The sporty and elegant details of the **Volkswagen Genuine exterior mirror caps (01)** in high-gloss black and the **Volkswagen Genuine roof spoiler (02)** cleverly create stylish features on your Polo. The roof spoiler also improves your car's aerodynamics. **Volkswagen Genuine tail light clusters "Black Line" (03)** are a real eye-catching feature for the rear with their tinted appearance.

Sport and Design

01-03 The optimum combination of attractive appearance and well-thought-out protection. **Volkswagen Genuine chrome-look rear protective strip (01)** and **Volkswagen Genuine stainless steel-look load sill protection (02)** are additional visual style features on your Polo. They also effectively protect your vehicle from scratches and damage when loading the luggage compartment. **Volkswagen Genuine aluminium sill panel trims (03)** with Polo lettering are an attractive detail with which you can enhance the heavily used sill area of your Polo and protect it at the same time.

Transport

01-02 Take everything you need with you in your Polo. The custom-fit and fully pre-installed **Volkswagen Genuine roof bars**¹ (01) form the base for the fast and stable fitting of all roof attachments. The retrofit removable (02) or fixed (not shown) **Volkswagen Genuine towing bracket** including 13-pin electrical installation kit provides a perfectly coordinated complete package. The ideal base for bicycle carriers or boat trailers.

¹ City Crash-tested in accordance with ISO/PAS 11154

01-02 Practically pack, transport worry-free. The **Volkswagen Genuine luggage compartment tray** (01), **Volkswagen Genuine luggage compartment insert** (not shown) and **Volkswagen Genuine boot liner** (02) combine practical benefits, protection, convenience and quality. The practical **Volkswagen Genuine load sill protection** (01) is made of transparent film and prevents damage when loading and unloading. It is simply stuck to the load sill on the rear bumper of your Polo.

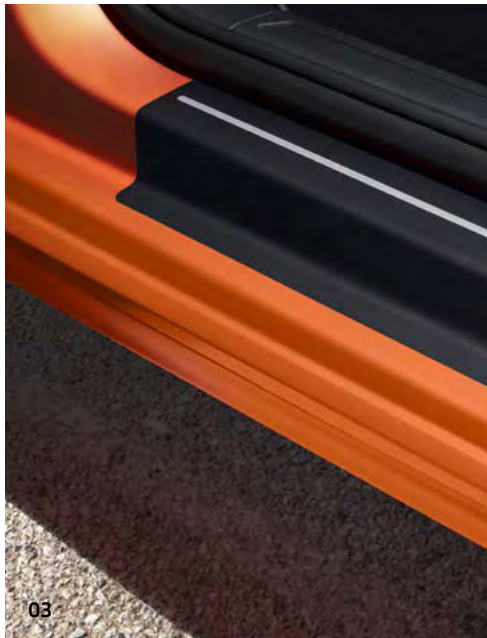

NOTE

Before starting off, ensure that any load is properly secured in the luggage compartment.

Comfort and Protection

03-05 Protecting the value of your vehicle can also enhance its attractiveness. Rely on custom-fit **Volkswagen Genuine sill panel trim films in Black/Silver (03)** and on virtually invisible **Volkswagen Genuine transparent sill panel trim films (04)** to protect the heavily used door sills of your Polo. Protect your Polo and the vehicle behind from flying dirt, hazardous stones and spray with these extremely hard-wearing **Volkswagen Genuine mudflaps (05)**. Everything always in sight. **Volkswagen Genuine park distance control** (not shown) is automatically activated when the reverse gear is engaged. Four sensors and an acoustic warning signal assist reverse parking.

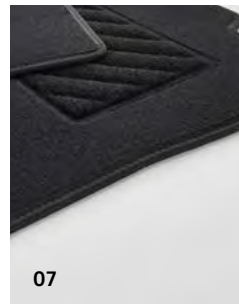

01-02 Optimum protection in all weathers. **Volkswagen Genuine door wind deflectors** (01) enable you to keep the windows slightly open and enjoy fresh air even when it is raining or snowing. The custom-fit **Volkswagen Genuine sun blind** (02) enhances the comfort of passengers on the rear seats of your Polo by protecting them from direct sunlight. Outstanding comfort even on the rear seats.

Comfort and Protection

03-07 In line with the mantra "It's what's inside that matters", Volkswagen Accessories also sets great store by protecting the interior of your vehicle. Tailor-made **Volkswagen Genuine "Premium" textile floor mats (03)** made of hard-wearing velour feature Polo lettering on the front mats. **Volkswagen Genuine "Optimat" textile floor mats (04)** with Polo lettering on the front mats combine the features of rubber floor mats with the elegance of textile floor mats. Hard-wearing **Volkswagen Genuine all-weather floor mats (05)** with Polo lettering on the front mats keep dirt and moisture away from the footwell of your vehicle all year round. Practical **"Plus" rubber floor mats (06)** and **"Plus" textile floor mats (07)** ensure pleasant cleanliness in the footwell of your vehicle.

Accessories **Scirocco**

The Scirocco is a powerful companion. Athletic and with a strong character, it has the requisite bite for memorable spins around the place. And yet it can also be different. How exactly? That's up to you.

More universal accessories for your Scirocco can be found from page 172 onwards.

Sport and Design

01 Individual protection can really be this attractive. High-quality stainless steel **Volkswagen Genuine sill panel trims** bear the Scirocco lettering. They protect the sill area from scratches and create a truly visual feature.

Your Scirocco is already a sporting phenomenon. It's even sportier with the **Volkswagen Genuine suspension lowering kit** (not shown). The lowered centre of gravity of the vehicle ensures an impressive appearance. Not suitable in conjunction with self-levelling suspension.

Transport

01 Enjoy new transport options. The custom-fit and fully pre-installed **Volkswagen Genuine roof bars**¹ form the base for the fast and stable fitting of all roof attachments on your Scirocco.

¹ City Crash-tested in accordance with ISO/PAS 11154

01

NOTE

Before starting off, ensure that any load is properly secured in the luggage compartment.

02

01-03 A strong image meets practical benefits. The hard-wearing, durable and custom-fit **Volkswagen Genuine luggage compartment tray** (01) keeps your luggage compartment clean and tidy, impressing with its eye-catching Scirocco lettering. Rely on **Volkswagen Genuine sill panel trim films in Black/Silver** (02) to protect the heavily used door sills of your Scirocco. Protect your Scirocco and the vehicle behind from flying dirt, hazardous stones and spray with these extremely hard-wearing **Volkswagen Genuine mudflaps** (03).

03

Comfort and Protection

04-08 In line with the mantra "It's what's inside that matters", Volkswagen Accessories also sets great store by protecting the interior of your vehicle. Tailor-made **Volkswagen Genuine "Premium" textile floor mats** (04) made of hard-wearing velour feature Scirocco lettering on the front mats. **Volkswagen Genuine "Optimat" textile floor mats** (05) with Scirocco lettering on the front mats combine the features of rubber floor mats with the elegance of textile floor mats. Hard-wearing **Volkswagen Genuine all-weather floor mats** (06) with Scirocco lettering on the front mats keep dirt and moisture away from the footwell of your vehicle all year round. Practical **"Plus" textile floor mats** (07) and **"Plus" rubber floor mats** (08) ensure pleasant cleanliness in the footwell of your vehicle.

¹ A suitable lifting platform is required for installation.

² Not in combination with self-levelling suspension.

More universal accessories for your Scirocco can be found from page 172 onwards.

Accessories **Sharan**

The most important thing in family life: reliability and flexibility. The Sharan does more than just deliver them: it delivers them to perfection. Of course, this also includes a wide range of custom-fit Volkswagen Genuine accessories.

More universal accessories for your Sharan can be found from page 172 onwards.

Picture shows: Bicycle carrier for the boot lid page 104

01 A dashing entrance for your Sharan. The **Volkswagen Genuine roof spoiler** accentuates the rear styling and, thanks to its aerodynamic credentials, ensures optimised air resistance and drag coefficient.

Transport

01-03 Take everything you need with you in your Sharan. **Volkswagen Genuine cross bars**¹ for the roof railing (01) form the base for the quick and stable installation of all roof attachments. The **Volkswagen Genuine bicycle carrier for the boot lid** (02) conveniently lets you carry up to three bicycles. The boot lid can also be opened when the bicycle carrier is fitted (without bicycles). The retrofit removable (03) or fixed (not shown) **Volkswagen Genuine towing bracket** provides the ideal base for mounting a bicycle carrier or boat trailer. The required 13-pin **Electrical installation kit** (not shown) needs to be ordered separately.

Comfort and Protection

01-03 Practically pack, transport worry-free. Benefit from our knowledge and expertise when it comes to transporting your belongings in your luggage compartment. We always keep an eye on what you need with our luggage compartment solutions. The **Volkswagen Genuine luggage compartment tray** (01) with Sharan lettering, **Volkswagen Genuine luggage compartment insert** (02) and **Volkswagen Genuine boot liner** (03) with cover and Sharan lettering combine practical benefits, protection, convenience and quality. The practical **Volkswagen Genuine load sill protection** (01) is made of transparent film and prevents damage when loading and unloading. It is simply glued to the load sill of the rear bumper.

01

01 Create order in the luggage compartment of your Sharan. The **Volkswagen Genuine net partition** effectively separates the passenger compartment and luggage compartment. Ideal when dogs are on board. The separately available **Volkswagen Genuine partition**¹ gives you even more flexibility.

02

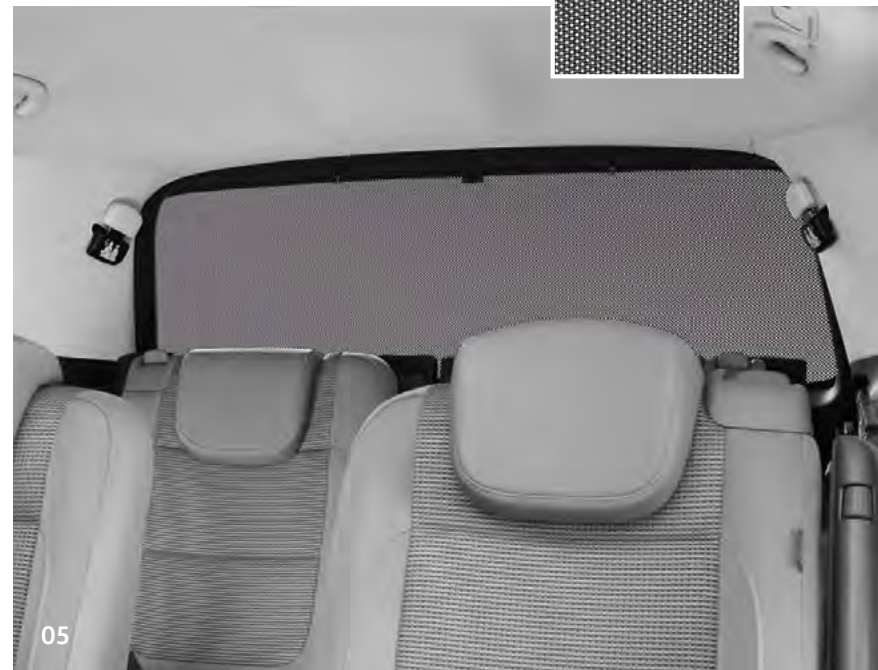

02-03 Fresh air for your Sharan. **Volkswagen Genuine door wind deflectors** (02) enable you to keep the windows slightly open and enjoy fresh air even when it is raining or snowing. Rely on **Volkswagen Genuine sill panel trim films in Black/Silver** (03) to protect the heavily used door sills of your vehicle.

03

Comfort and Protection

04-05 Well protected in every situation. Protect your Sharan and the vehicle behind from flying dirt, hazardous stones and spray with these extremely hard-wearing **Volkswagen Genuine mudflaps** (04). The custom-fit **Volkswagen Genuine sun blind** (05) enhances the comfort of passengers on the rear seats of your Sharan by protecting them from direct sunlight. Optimum comfort even on the rear seats.

Comfort and Protection

01-04 In line with the mantra “It’s what’s inside that matters”, Volkswagen Accessories also sets great store by protecting the interior of your vehicle. Tailor-made **Volkswagen Genuine “Premium” textile floor mats (01)** made of hard-wearing velour feature Sharan lettering on the front mats. Hard-wearing **Volkswagen Genuine all-weather floor mats (02)** with Sharan lettering on the front mats keep dirt and moisture away from the footwell of your vehicle all year round. Practical **“Plus” textile floor mats (03)** and **“Plus” rubber floor mats (04)** ensure pleasant cleanliness in the footwell of your vehicle.

Accessories **T-Cross**

The opposite of stereotypical thinking: T-Cross. A modern adventurer that leaves all conventions in its wake. Built for people who love special things and want to integrate them into their daily lives. Total individually.

More universal accessories for your T-Cross can be found from page 172 onwards.

Sport and Design

01-04 A powerful entrance for a powerful vehicle. Silver anodised aluminium **Volkswagen Genuine running boards** (01) underline the SUV look of your T-Cross, making it easier to both get in and load the roof. **Volkswagen Genuine aluminium sill panel trims** (02) with T-Cross lettering provide individual protection against scratches in the sill area and also represent a real visual highlight. The **Volkswagen Genuine chrome-look rear protective strip** (03) is both attractive and also provides effective protection. The sensitive rear section of your vehicle is therefore well protected against scratches and paint damage. The rear protective strip is simply glued to the lower edge of the boot lid. **Volkswagen Genuine stainless steel-look load sill protection** (04) is a visual feature and effectively protects the paintwork from scratches when loading and unloading the luggage compartment.

Transport

01-02 Take everything you need with you in your T-Cross. Custom-fit and stable **Volkswagen Genuine cross bars¹** (01) made of aerodynamically shaped aluminium profiles are attached to the roof railing and form the base for the quick and stable fitting of all roof attachments. The retrofit removable (02) or fixed (not shown) **Volkswagen Genuine towing bracket** including 13-pin electrical installation kit provides a perfectly coordinated complete package. The ideal base for bicycle carriers or boat trailers.

Comfort and Protection

01-02 Practically pack, transport worry-free. Benefit from our knowledge and expertise when it comes to transporting your belongings in the luggage compartment of your T-Cross. We always keep an eye on what you need with our luggage compartment solutions. The **Volkswagen Genuine luggage compartment tray (01)** with T-cross lettering, the **Volkswagen Genuine luggage compartment insert** (not shown) and the **Volkswagen Genuine reversible floor covering with load sill protection (02)** combine practical benefits, protection, convenience and quality.

NOTE

Before starting off, ensure that any load is properly secured in the luggage compartment.

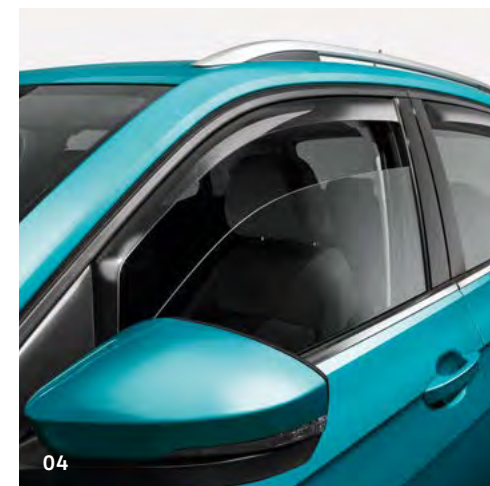

DETAIL

Once turned into place, the sturdy plastic studs on the rear side of the reversible floor covering grip perfectly, protecting your vehicle from even heavy dirt and loads.

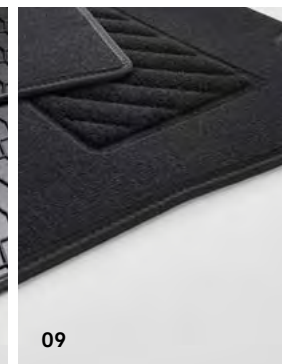

01-02 Virtually invisible, but visibly effective. This practical, made-to-measure **Volkswagen Genuine load sill protection** (01) is made of transparent film and prevents damage during loading and unloading. It is simply glued to the load sill of the rear bumper. **Volkswagen Genuine sill panel trims, black/silver** (02) look good and do good. They protect the paintwork on the heavily used door sills from scratches and damage.

03-04 Optimum comfort and protection in every situation. Protect your T-Cross and the vehicle behind from flying dirt, hazardous stones and spray with these extremely hard-wearing **Volkswagen Genuine mudflaps** (03). **Volkswagen Genuine door wind deflectors** (04) enable you to keep the windows slightly open and enjoy fresh air even when it is raining or snowing.

Comfort and Protection

05-09 In line with the mantra "It's what's inside that matters", Volkswagen Accessories also sets great store by protecting the interior of your vehicle. Tailor-made **Volkswagen Genuine "Premium" textile floor mats (05)** made of hard-wearing velour feature T-Cross lettering on the front mats. **Volkswagen Genuine "Optimat" textile floor mats (06)** with T-Cross lettering on the front mats combine the features of rubber floor mats with the elegance of textile floor mats. Hard-wearing **Volkswagen Genuine all-weather floor mats (07)** with T-Cross lettering on the front mats keep dirt and moisture in check all year round. Practical **"Plus" textile floor mats (08)** and **"Plus" rubber floor mats (09)** ensure pleasant cleanliness in the footwell of your vehicle.

Accessories **T-Roc & T-Roc Cabriolet**

The T-Roc is the proof that only cars like this can brim with confidence. With all-wheel drive and modern connectivity, its sporty and elegant character blend in beautifully with the "zeitgeist". And yet it still stays true to its style: your style.

More universal accessories for your T-Roc or T-Roc Cabriolet can be found from [page 172 onwards](#).

Picture shows: "Premium" bicycle carrier page 182, "Suzuka" wheel page 128

Sport and Design

01-02 Attractive design does not rule out exceptional functionality. The **Volkswagen Genuine chrome-look rear protective strip** (01) and the **Volkswagen Genuine stainless steel-look load sill protection** (01) for the T-Roc or the T-Roc Cabriolet look good and also effectively protect the paintwork. Rely on **Volkswagen Genuine aluminium sill panel trims** (02) to protect the heavily used door sills of your T-Roc or T-Roc Cabriolet.

03-04 You are assured a glittering entrance with these sportily elegant details. The **Volkswagen Genuine LED tail light cluster "Black Line"** (03) in an exclusive tinted design gives your T-Roc a particularly sporty flair. **Volkswagen Genuine running boards** (04) underline the SUV look of your T-Roc or T-Roc Cabriolet, making it easier to both get in and load the roof.

Transport

01-02 Take everything you need with you. **Volkswagen Genuine cross bars¹** (01) made of aerodynamically shaped aluminium profiles for the T-Roc are attached to the roof railing and form the base for the quick and stable fitting of all roof attachments. The retrofit removable (02) or fixed (not shown) **Volkswagen Genuine towing bracket** including 13-pin electrical installation kit provides a perfectly coordinated complete package for your T-Roc or T-Roc Cabriolet. The ideal base for bicycle carriers or boat trailers.

Comfort and Protection

01-02 Practically pack, transport worry-free. The **Volkswagen Genuine load compartment tray** for the variable luggage compartment floor (01), the **Volkswagen Genuine luggage compartment insert** for the variable luggage compartment floor (not shown) and the **Volkswagen Genuine reversible floor covering with load sill protection** (02) combine practical benefits, protection, comfort and quality for your T-Roc or T-Roc Cabriolet. Fitting the transparent **Volkswagen Genuine load sill protection** (01) is recommended to protect your paintwork when loading and unloading, and stop scratches in their tracks.

03 Everything always in sight. **Volkswagen Genuine park distance control** is automatically activated when the reverse gear is engaged. Four sensors and an acoustic warning signal assist reverse parking.

NOTE

Before starting off, ensure that any load is properly secured in the luggage compartment.

DETAIL

Once turned into place, the sturdy plastic studs on the rear side of the reversible floor covering grip perfectly, protecting your vehicle from even heavy dirt and loads.

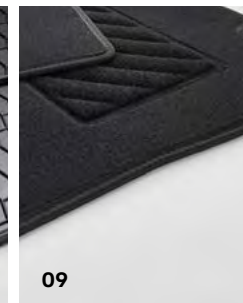

01-04 Protecting the value of your vehicle can also enhance its attractiveness. Rely on **Volkswagen Genuine sill panel trim films in black/silver (01)** and on virtually invisible, but visibly effective **Volkswagen Genuine transparent sill panel trim films (02)** to protect the heavily used door sills of your T-Roc or T-Roc Cabriolet. **Volkswagen Genuine door wind deflectors (03)** for the T-Roc enable you to keep the windows slightly open and enjoy fresh air even when it is raining or snowing. Protect your T-Roc or T-Roc Cabriolet and the vehicle behind from flying dirt, hazardous stones and spray with these extremely hard-wearing **Volkswagen Genuine mudflaps (04)**.

Comfort and Protection

05-09 In line with the mantra “It’s what’s inside that matters”, Volkswagen Accessories also sets great store by protecting the interior of your vehicle. Tailor-made **Volkswagen Genuine “Premium” textile floor mats (05)** made of hard-wearing velour feature T-Roc lettering on the front mats. **Volkswagen Genuine “Optimat” textile floor mats (06)** with T-Roc lettering on the front mats combine the features of rubber floor mats with the elegance of textile floor mats. Hard-wearing **Volkswagen Genuine all-weather floor mats (07)** with T-Roc lettering on the front mats keep dirt and moisture in check all year round. Practical **“Plus” textile floor mats (08)** and **“Plus” rubber floor mats (09)** ensure pleasant cleanliness in the footwell of your vehicle.

Accessories **Tiguan & Tiguan Allspace**

Hardly any car exudes as much confidence as the Tiguan. No wonder with so much power, comfort and innovation. And, of course, with so many possibilities of extending these strengths even further. In line with your personal taste.

More universal accessories for your Tiguan or Tiguan Allspace can be found from page 172 onwards.

Sport and Design

01-03 An unforgettable entrance – everywhere, every time. Its sporty, elegant details, including the **Volkswagen Genuine roof spoiler** (01) in rich Deep Black Pearl effect or clear Pure White, the **Volkswagen Genuine sophisticated stainless steel-look load sill protection** (left) and the **Volkswagen Genuine chrome-look rear protective strip** (02), clearly add stylish features to your Tiguan or Tiguan Allspace. The **Volkswagen Genuine aluminium sill panel trims** (not shown) protect the heavily used sill area from scratches and damage to the paintwork. **Volkswagen Genuine running boards** (03) underline the powerful SUV look of your vehicle, making it easier to both get in and load the roof. The version for the Tiguan and Tiguan Allspace is available with and without mudflaps.

Transport

01-02 Take everything you need with you in your Tiguan or Tiguan Allspace. **Volkswagen Genuine cross bars¹** for the roof railing (01) form the base for the quick and stable installation of all roof attachments. The retrofit removable (not shown) or swivelling (02) **Volkswagen Genuine towing bracket** including 13-pin electrical installation kit provides a perfectly coordinated complete package. The ideal base for bicycle carriers or boat trailers.

Comfort and Protection

01-03 Practically pack, transport worry-free. The **Volkswagen Genuine luggage compartment tray (01)** with Tiguan lettering, the **Volkswagen Genuine luggage compartment insert** (not shown), the **Volkswagen Genuine boot liner (02)** with Tiguan lettering and the **Volkswagen Genuine reversible floor covering with load sill protection (03)** combine practical benefits, protection, convenience and quality for your Tiguan or Tiguan Allspace.

DETAIL

Once turned into place, the sturdy plastic studs on the rear side of the reversible floor covering grip perfectly, protecting your vehicle from even heavy dirt and loads.

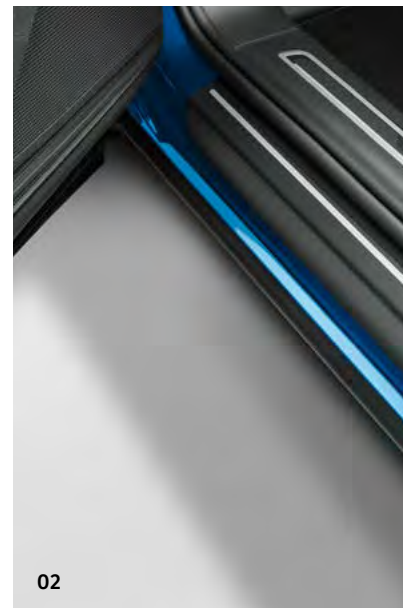

01

01 Create order in the luggage compartment of your Tiguan. The **Volkswagen Genuine partition net** effectively separates the passenger compartment and luggage compartment. Ideal when dogs are on board. The practical **Volkswagen Genuine load sill protection** is made of transparent film and prevents damage when loading and unloading your Tiguan or Tiguan Allspace. It is simply glued to the load sill of the rear bumper.

NOTE

Before starting off, ensure that any load is properly secured in the luggage compartment.

02

03

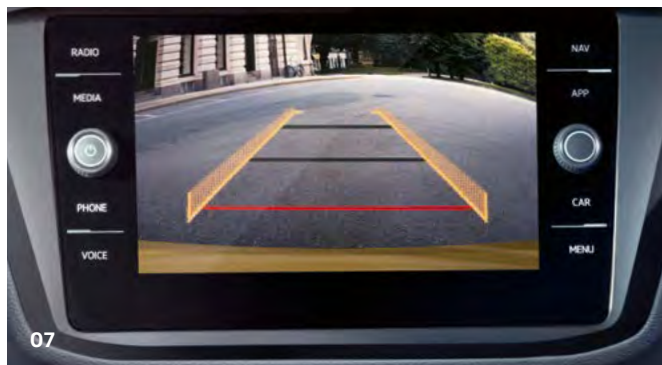

02-04 Protecting the value of your vehicle can also enhance its attractiveness. Rely on custom-fit **Volkswagen Genuine sill panel trim films in Black/Silver** (02) and on virtually invisible, but visibly effective **Volkswagen Genuine transparent sill panel trim films** (03) to protect the heavily used door sills of your Tiguan or Tiguan Allspace. The custom-fit **Volkswagen Genuine sun blind** (04) protects the occupants from direct sunlight. So now summer journeys are also a true pleasure for the passengers on the rear seat bench of your Tiguan or Tiguan Allspace.

04

Comfort and Protection

05-06 Well protected in every situation. Protect your Tiguan or Tiguan Allspace and the vehicle behind from flying dirt, hazardous stones and spray with these extremely hard-wearing **Volkswagen Genuine mudflaps** (05). **Volkswagen Genuine door wind deflectors** (06) enable you to keep the windows slightly open and enjoy fresh air even when it is raining or snowing.

07 Everything always in sight. The **Volkswagen Genuine rear view camera system**¹ realistically depicts the area behind your Tiguan or Tiguan Allspace on the display of the radio navigation system. Guide lines and the high-resolution display help the driver navigate precisely into the parking space. **Volkswagen Genuine park distance control** (not shown) is automatically activated when the reverse gear is engaged. Four sensors and an acoustic warning signal assist reverse parking. Design may vary depending on the vehicle.

The ideal partner for your Tiguan plug-in hybrid when you're out and about. The practical **Volkswagen Genuine emergency charging cable** (not shown) including storage bag lets you simply charge your electric car on a normal household socket even without a charging station². This lets you continue your journey to the nearest charging station. The use of a home charging station is recommended for fully charging your vehicle overnight at home.

¹ Please note the camera's limited field of vision and the limits of the system. Please follow the vehicle wallet precisely.

² The socket needs to be in perfect technical working order and have been professionally installed.

Comfort and Protection

01-05 In line with the mantra “It’s what’s inside that matters”, Volkswagen Accessories also sets great store by protecting the interior of your vehicle. **Volkswagen Genuine “Optimat” textile floor mats (01)** with Tiguan lettering on the front mats combine the qualities of rubber floor mats with the elegance of textile floor mats. Tailor-made **Volkswagen Genuine “Premium” textile floor mats (02)** made of hard-wearing velour feature Tiguan lettering on the front mats. Hard-wearing **Volkswagen Genuine all-weather floor mats (03)** with Tiguan lettering on the front mats keep dirt and moisture in check all year round. Practical **“Plus” rubber floor mats (04)** and **“Plus” textile floor mats (05)** ensure pleasant cleanliness in the footwell of your vehicle.

Accessories **Touareg**

The Touareg is not just an SUV. It is a thoroughbred SUV that impresses with its powerful and distinctive entrance, its sporty elegance and innovative premium comfort. And last but not least with a host of customisation options.

[More universal accessories for your Touareg can be found from page 172 onwards.](#)

Picture shows: Cross bars page 146, bicycle carrier page 186, "Merano" wheel page 149

Sport and Design

01 A feature that has what it takes. The **Volkswagen Genuine Chrome-look rear protective strip** on your Touareg is both an attractive feature and also provides effective protection. The sensitive rear section of your vehicle is therefore well protected against scratches and paint damage. The rear protective strip is simply glued to the lower edge of the boot lid.

02 An unforgettable entrance – everywhere, every time. **Volkswagen Genuine running boards** underline the SUV look of your Touareg, making it easier to both get in and load the roof.

Transport

01-02 Take everything you need with your Touareg. **Volkswagen Genuine cross bars¹** (01) made of aerodynamically shaped aluminium profiles for the roof railing form the base for the quick and stable fitting of all roof attachments. The retrofit removable (not shown) or fixed (02) **Volkswagen Genuine towing bracket** including 13-pin electrical installation kit provides a perfectly coordinated complete package. The ideal base for bicycle carriers or boat trailers.

Comfort and Protection

NOTE

Before starting off, ensure that any load is properly secured in the luggage compartment.

01-02 Practically pack, transport worry-free. Benefit from our knowledge and expertise when it comes to transporting your belongings in the luggage compartment of your Touareg. We always keep an eye on what you need with our luggage compartment solutions. The **Volkswagen Genuine luggage compartment tray (01)** with Touareg lettering and the **Volkswagen Genuine reversible floor covering with load sill protection (02)** combine practical benefits, protection, convenience and quality.

DETAIL

Once turned into place, the sturdy plastic studs on the rear side of the reversible floor covering grip perfectly, protecting your vehicle from even heavy dirt and loads.

Comfort and Protection

01-02 Optimum protection – around town or in the country. The practical **Volkswagen Genuine load sill protection** (01) is made of transparent film and prevents damage when loading and unloading. It is simply glued to the load sill of the rear bumper. Protect your Touareg and the vehicle behind from flying dirt, hazardous stones and spray with these extremely hard-wearing **Volkswagen Genuine mudflaps** (02).

03-04 In line with the mantra “It’s what’s inside that matters”, Volkswagen Accessories also sets great store by protecting the interior of your vehicle. Tailor-made **Volkswagen Genuine “Premium” textile floor mats** (03) made of hard-wearing velour feature Touareg lettering on the front mats. Hard-wearing **Volkswagen Genuine all-weather floor mats** (04) with Touareg lettering on the front mats keep dirt and moisture in check all year round.

More universal accessories for your Touareg can be found from page 172 onwards.

Accessories **Touran**

Its inner values are the real strength of the Touran. For instance, its intelligent space concept that provides room for just about everything and everyone in your life. And your personal wishes for more comfort, sportiness or design too. Among other things.

More universal accessories for your Touran can be found from page 172 onwards.

Sport and Design

01-03 High-quality protection, as individual as your vehicle. **Volkswagen Genuine sill panel trims, aluminium (01)** with Touran lettering are an attractive detail with which you can enhance the heavily used sill area of your Touran and protect it at the same time. The **Volkswagen Genuine chrome-look rear protective strip (02)** looks good and also protects the paintwork. The **Volkswagen Genuine stainless steel-look load sill protection (03)** is a visual feature and effectively protects the paintwork from scratches and damage when loading and unloading the luggage compartment.

Transport

01-02 Take everything you need with you in your Touran.

Volkswagen Genuine cross bars¹ made of aerodynamically shaped aluminium profiles for the roof railing (01) form the base for the quick and stable fitting of all roof attachments. The retrofit fixed (not shown) or removable (02) **Volkswagen Genuine towing bracket** including 13-pin electrical installation kit provides a perfectly coordinated complete package. The ideal base for bicycle carriers or boat trailers.

Comfort and Protection

01-04 Practically pack, transport worry-free. The **Volkswagen Genuine luggage compartment tray** with Touran lettering (01), the **Volkswagen Genuine luggage compartment insert** (02), the **Volkswagen Genuine reversible floor covering with load sill protection** (03) and the **Volkswagen Genuine boot liner** (04) with Touran lettering combine practical benefits, protection, comfort and quality for your Touran.

NOTE

Before starting off, ensure that any load is properly secured in the luggage compartment.

DETAIL

Once turned into place, the sturdy plastic studs on the rear side of the reversible floor covering grip perfectly, protecting your vehicle from even heavy dirt and loads.

01

01 Create order in the luggage compartment of your Touran. The **Volkswagen Genuine net partition** effectively separates the passenger compartment and luggage compartment. Ideal when dogs are on board. The practical **Volkswagen Genuine load sill protection** is made of transparent film and prevents damage when loading and unloading your Touran. It is simply glued to the load sill of the rear bumper.

NOTE

Before starting off, ensure that any load is properly secured in the luggage compartment.

02

03

02-03 Protecting the value of your vehicle can also enhance its attractiveness. Rely on custom-fit **Volkswagen Genuine sill panel trim films in Black/Silver** (02) or virtually invisible but visibly effective **Volkswagen Genuine transparent sill panel trim films** (03) to protect the heavily used door sills of your Touran.

04 Everything always in sight. The **Volkswagen Genuine rear view camera system**¹ realistically shows the area behind your Touran on the radio/navigation unit display. Guide lines and the high-resolution display help the driver navigate precisely into the parking space.

04

Comfort and Protection

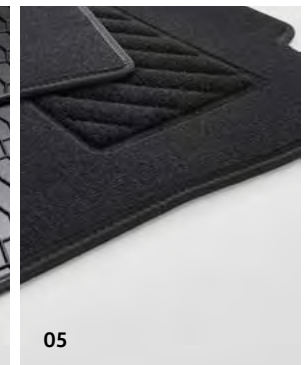

05-07 Well protected in every situation. Protect your Touran and the vehicle behind from flying dirt, hazardous stones and spray with these extremely hard-wearing **Volkswagen Genuine mudflaps** (05) for the front and rear. **Volkswagen Genuine door wind deflectors** (06) enable you to keep the windows slightly open and enjoy fresh air even when it is raining or snowing. The custom-fit **Volkswagen Genuine sun blind** (07) protects the occupants from direct sunlight. So now summer journeys are also a true pleasure for the passengers on the rear seat bench of your Touran.

Comfort and Protection

01-05 In line with the mantra "It's what's inside that matters", Volkswagen Accessories also sets great store by protecting the interior of your vehicle. **Volkswagen Genuine "Optimat" textile floor mats (01)** with Touran lettering on the front mats combine the features of rubber floor mats with the elegance of textile floor mats. Tailor-made **Volkswagen Genuine "Premium" textile floor mats (02)** made of hard-wearing velour feature Touran lettering on the front mats. Hard-wearing **Volkswagen Genuine all-weather floor mats (03)** with Touran lettering on the front mats keep dirt and moisture in check all year round. Practical **"Plus" rubber floor mats (04)** and **"Plus" textile floor mats (05)** ensure pleasant cleanliness in the footwell of your vehicle.

Accessories **up!**

It's amazing how much stylish freshness and individual personality fit into the nippy little up!. How about a few more personalised details? For even more of what you want – especially even more fun!

More universal accessories for your up! can be found from page 172 onwards.

Sport and Design

01-02 Small details, but an extremely big impact. The **Volkswagen Genuine stainless steel-look load sill protection (01)** is a visual style feature for your up! and effectively protects the paintwork from scratches and damage when loading and unloading the luggage compartment. **Volkswagen Genuine stainless steel sill panel trims (02)** with up! lettering are an attractive detail with which you can enhance the heavily used sill area of your up! and protect it at the same time.

Transport

01 Transform your up! into a powerhouse and take everything you want with you. The custom-fit and fully pre-installed **Volkswagen Genuine roof bars**¹ form the base for the fast and stable fitting of all roof attachments.

Comfort and Protection

01-02 Maximise comfort and benefits in your up!. Thanks to its padded arm support, enjoy optimum ergonomics for improved driving comfort and additional storage space through the integrated storage compartment with folding **Volkswagen Genuine centre armrest** (01). The **Volkswagen Genuine luggage compartment insert** (02) combines practical benefits, protection, convenience and quality. Its non-slip finish also helps to stop items from sliding around. It protects the luggage compartment from dirt and moisture. Fitting the transparent **Volkswagen Genuine load sill protection** (02) is recommended to protect your paintwork when loading and unloading, and stop scratches in their tracks.

03-06 Attractively and cleverly protecting the value of your vehicle. Rely on **Volkswagen Genuine sill panel trim films in black/silver** (03) to protect the heavily used door sills of your up!. Protect your up! and the vehicle behind from flying dirt, hazardous stones and spray with these extremely hard-wearing **Volkswagen Genuine mudflaps** (04). **Volkswagen Genuine park distance control** (05) is automatically activated when the reverse gear is engaged. Four sensors and an acoustic warning signal assist reverse parking. The custom-fit **Volkswagen Genuine sun blind** (06) protects the occupants from direct sunlight. So now summer journeys are also a true pleasure for the passengers on the rear seat bench of your up!.

Comfort and Protection

01-05 In line with the mantra “It’s what’s inside that matters”, Volkswagen Accessories also sets great store by protecting the interior of your vehicle. Tailor-made **Volkswagen Genuine “Premium” textile floor mats (01)** made of hard-wearing velour feature up! lettering on the front mats. **Volkswagen Genuine “Optimat” textile floor mats (02)** with up! lettering on the front mats combine the features of rubber floor mats with the elegance of textile floor mats. Hard-wearing **Volkswagen Genuine all-weather floor mats (03)** with up! lettering on the front mats keep dirt and moisture in check all year round. Practical **“Plus” rubber floor mats (04)** and **“Plus” textile floor mats (05)** ensure pleasant cleanliness in the footwell of your vehicle.

Sport and Design

01-02 A sporty look that's fun and also enhances your Volkswagen. The high-quality design of the brushed stainless steel **Volkswagen Genuine pedal cap set**¹ (01) is guaranteed to impress, featuring a non-slip coating for good grip. Make a real statement with the **Volkswagen Genuine LED logo light** (02). When you open the front doors, the Volkswagen logo is projected directly onto the ground, providing greater brightness when getting in and out of the car and an added optical extra.

03-05 Why not show what you have? Add a dash of individuality to your Volkswagen with the premium **Volkswagen Genuine "Wolfsburg crest" badge** (03) in Black/Chrome. The set includes two badges. The slanted modern shape of the tainless steel **Volkswagen Genuine tail silencer trim**¹ in Chrome-Silver (04) or chrome-black (05) enhances the powerful good looks of your vehicle.

Product Overview **Sport and Design**

This table shows the available options with the individual products and our current vehicle models. Please contact your Volkswagen dealership for more information as to whether the options can be installed on your particular vehicle. The specified fitting times are guidelines, 100 TU (time units) correspond to one hour. The prices listed do not include installation costs and are non-binding price recommendations with VAT included. Valid as of January 2021.

* The prices specified are non-binding recommended retail prices (RRP) and contain the VAT valid at the time of publication.

01

02

03

01-02 Be both seen and heard. The Volkswagen Accessories **Plug & Play sound system**¹ delivers rich sound into the interior of your vehicle. With a 300-watt sine-wave output and 480 watts of music as well as an impressive range of individual vehicle and driver-specific sound set-ups for pure audio enjoyment. The system can be installed in the spare wheel well (01) as well as in the luggage compartment for vehicles with a spare wheel (02).

03-04 Speak freely, drive safely. Following activation using the **Volkswagen voice control activation document**¹ (03), you can control the phone and radio features of the Composition Media radio, and also operate the Discover Media navigation system without taking your hands from the wheel. The **DAB+ extension**¹ (04) gives you digital radio reception with additional functions and texts in your Volkswagen – conveniently operated by remote control and the existing components. Simply connect to external audio sources using the AUX-IN socket to enjoy your own favourite music. The DAB+ extension is installed almost invisibly in the dash panel.

04

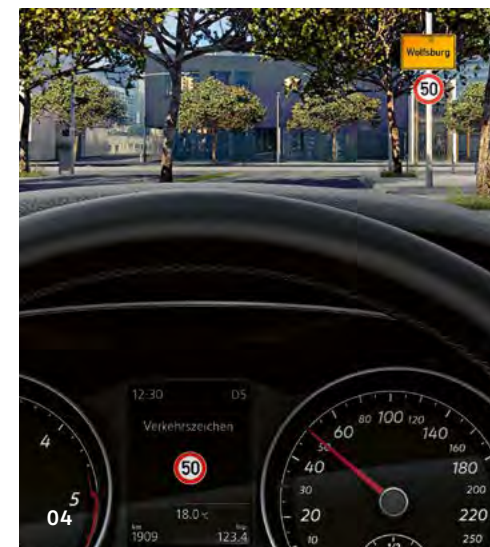

Communication

05-06 Practical little helpers that make driving more pleasant. The **Volkswagen Genuine DUCI** (Double USB Charger Insert) (05) with 2 x 2.4 amps lets you charge your mobile devices quickly and conveniently using two USB ports. Simply insert it into the cigarette lighter and you're done. The universal **"Smartfit Evolution" smartphone holder**¹ (06) with 3D-ball joint and flexibly adjustable retaining clamps means that your mobile phone is always in sight, for navigation and more.

¹ Do not operate your smartphone while driving.

01-03 Never lose the connection. That will never happen to you with the high-grade **USB Premium connection cables** (01). Use the specially developed cables to connect your smartphone to your Volkswagen's Infotainment system, and make use of functions, such as CarPlay™¹ in AppConnect. Your device is charged at the same time. Refer to page 180 for an overview of connector versions and cable lengths. The **AppConnect activation document**² for **MIB Standard and MIB2 Entry** (02-03) brings MirrorLink™, Apple's CarPlay™¹ function and Google's Android™¹ function to the touchscreen of your Volkswagen Infotainment system for vehicles from model year 2016 onwards.

04 Keep a clear view in the traffic jungle. The **Activation document for the Dynamic Road Sign Display**² ensures that road signs are recognised by the front camera. Up to three road signs are displayed in the instrument cluster and/or on the display of your navigation system.

¹ iPhone, iPod, iPad, iPad mini, iPad Air, Apple Lightning and CarPlay are registered trademarks of Apple Computer International. Galaxy Tab is a registered trademark of Samsung Electronics Co., Ltd. Android is a trademark of Google Inc.

² Please enquire at your Volkswagen dealership whether the options can be installed on your particular vehicle.

Bicycle carriers at a glance

Simply and conveniently transport up to three bicycles or electric bicycles with the innovative Volkswagen Genuine bicycle carriers for the towing bracket.

Refer to page 184 for an overview of all technical details.

QUICK-ACTION CLAMP

Pre-adjusted quick-action clamp for easily and securely clamping the supporting bar

Volkswagen Accessories gives you the freedom to simply and conveniently take your bicycles with you. There is a wide range of bicycle carriers for the towing bracket to suit every requirement – and every bicycle. The lightweight **Volkswagen Genuine “Premium” bicycle carrier** (left) impresses with its innovative fixing and effortlessly simple assembly with its lever-free locking mechanism. It is ideal for transporting two bicycles or electric bicycles. The lightweight and compact folding **Volkswagen Genuine “Compact II” bicycle carrier** (pictured on page 184) carries two bicycles or electric bicycles weighing up to 60 kg and can conveniently be folded down using a large foot pedal to ensure that the boot lid remains accessible. Also available as the **Volkswagen Genuine “Compact III” bicycle carrier** (pictured on page 185) for three bicycles. The extendible **Volkswagen Genuine “Basic Flex” bicycle carrier** (pictured on page 185) for the towing bracket is ideal for transporting two or three bicycles. Thanks to its folding function, the luggage compartment can be opened when bicycles are fitted. The extension set for a third bicycle means that it can be flexibly adapted to your needs. The **Volkswagen Genuine “Basic” bicycle carrier** (pictured on page 185) for the transport of two bicycles or electric bicycles impresses with its innovative fixing with a patented lever-free locking mechanism. It can be folded down completely to a very small size and stowed away to save space. The **Volkswagen Genuine loading ramp** (left), which can be dismantled, is ideal for helping to conveniently push bicycles onto all Volkswagen Genuine bicycle carriers. A storage bag is included.

SPECIAL FEATURES

90° folding function: The foot pedal enables the Volkswagen Genuine “Premium” bicycle carrier to be folded out so that it is extra wide. This ensures the luggage compartment can still be accessed, even with vehicles with large boot lids.

To save even more space, the Volkswagen Genuine “Premium” bicycle carrier can be stowed in the spare wheel well of the Golf 7, Golf 7 Estate, Golf 8, Golf 8 Estate, Golf Sportsvan, Passat VIII Estate, Passat VIII Saloon and T-Roc during transport. We recommend using the optional mounting kit (not shown) to transport the bicycle carrier securely in the spare wheel well.

The bicycle carrier folds down completely to a compact size for compact storage in the luggage compartment.

The optional transport bag helps to safely transport the carrier for the “Premium” and “Basic” bicycle carriers and store it away tidily.

Bicycle carriers at a glance

01-02 There's now something on top – in a positive sense. Volkswagen Accessories bicycle carriers let you transport your bicycles with ease. The roof bars or cross bars provide the base for this. Transport your bicycles reliably, steadily and upright on the roof of your Volkswagen with the City-Crash-Plus-tested **Volkswagen Genuine bicycle carrier (01)**. The innovative torque limiter rotary knob controls the torque on the bicycle frame. This lightweight and attractive **fork-mounted bicycle carrier (02)** with a curving, aluminium wheel rail features an easily adjustable quick-fastening system for all types of bicycle forks.

Roof-mounted bicycle carriers

Model	Bicycle carrier	Fork-mounted bicycle carrier

PRACTICAL

The practical pull-out function makes the ski and snowboard carrier very easy to load and unload.

01-02 Off to the slopes. The lockable **Volkswagen Genuine "Comfort" ski and snowboard carrier (01)** with pull-out function lets you transport your valuable skis or wakeboard conveniently on the roof of your Volkswagen. Also available as the **Volkswagen Genuine "Basic" ski and snowboard carrier** (not shown) without pull-out function. The roof bars or cross bars provide the base for this. The handy **Volkswagen Genuine ski bag (02)** protects up to four pairs of skis and sticks when transporting them in a roof box or strapped in by the seat belts in the vehicle interior.

03-04 Leisure time is calling – and Volkswagen Accessories has the right transport solutions for it. The **surfboard carrier** (03) transports your surfboard and its two-piece mast safely to its destination. Thanks to its moveable rubber supports, the **Volkswagen Genuine kayak carrier** (04) carries kayaks weighing up to 25 kg without bouncing or slipping.

Roof boxes at a glance

² Transport bag included.

³ Foldable for transport in the spare wheel well: Golf VII, Golf VII Estate, Golf VIII, Golf VIII Estate, Golf Sportsvan, Passat VIII Estate, Passat VIII Saloon and the T-Roc.

⁴ Not suitable in conjunction with the towing bracket with aluminium ball head.

⁵ Only for use with roof bars or cross bars. Please observe the maximum permissible roof load.

This table shows the available options with the individual products and our current vehicle models. Please contact your Volkswagen dealership for more information as to whether the options can be installed on your particular vehicle. The specified fitting times are guidelines, 100 TU (time units) correspond to one hour. The prices listed do not include installation costs and are non-binding price recommendations with VAT included. Valid as of January 2021.

* The prices specified are non-binding recommended retail prices (RRP) and contain the VAT valid at the time of publication.

Picture shows: Cross bars page 64, roof box page 190, rear protective strip page 63

01-02 Safety first. This also applies to the luggage compartment of your Volkswagen. The **Volkswagen Genuine luggage compartment plug-in module¹** (01) lets you flexibly partition your vehicle's luggage compartment, preventing goods from sliding around. Small and medium objects in the luggage compartment always remain fixed in place, thanks to the tear-resistant **Volkswagen Genuine luggage net¹** (02).

03 Enjoy your Volkswagen during your breaks too. The high-grade **"Volkswagen Edition" espresso machine** for the 12-V-socket means that you always have your own little coffee bar on board. The set includes two break-proof espresso cups, a napkin, 25 espresso pods and an attractive storage case.

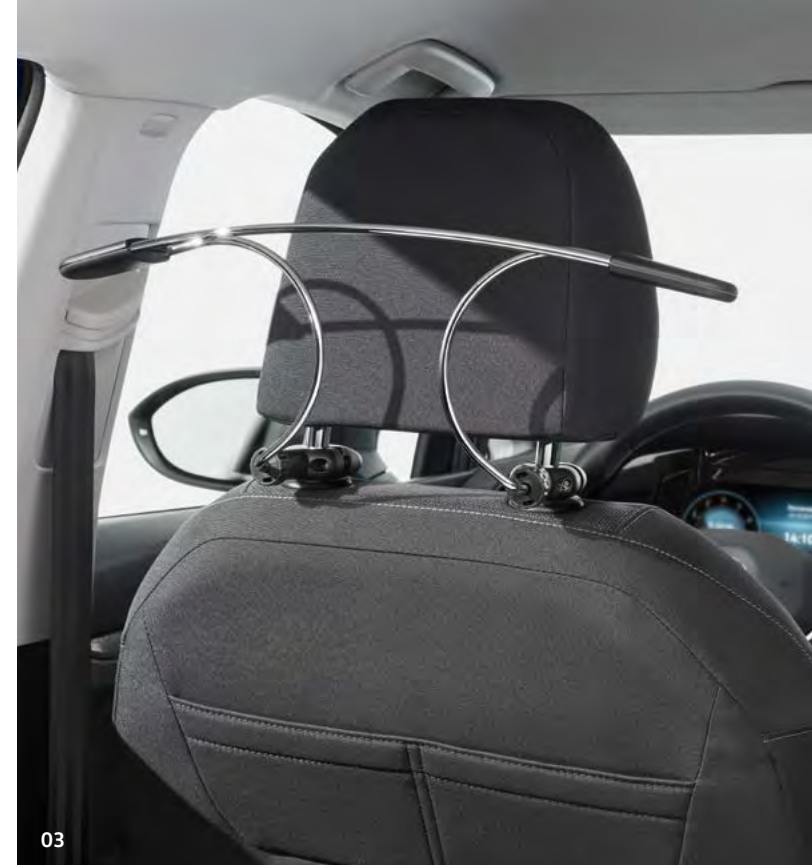

Comfort and Protection

04-05 A tidy matter. Quickly get rid of sweet wrappers and chewing gum papers and prevent them from flying around the inside of your Volkswagen in the **Volkswagen Genuine waste container (04)** for the cup holder. The energy-efficient (A++) **Volkswagen Genuine cool and thermos box (05)**, which has a capacity of approximately 25-litres, helps to keep snacks and drinks at a perfect temperature at all times. The box connects to a 12-V/230-V-socket in the car or home.

01-04 A tidy house, a tidy mind: in your Volkswagen too. **Volkswagen Genuine "Clean Solution" waste bag** (01), which attaches to the headrest struts of the front seats to keep the interior of your vehicle clean and tidy. When a bag is taken out, a new one is automatically pulled into place. The **Volkswagen Genuine "Snakey" headrest hook**¹ (02) is a handy twin pack of organisers, which can be mounted onto the headrest struts of the front seats. The **Volkswagen Genuine clothes hanger**² (03) keeps your shirts, jackets and other similar items of clothing beautifully crease-free. The energy-efficient **Volkswagen Genuine LED reading lamp** (04) with adjustable swan neck and Volkswagen logo lets your passengers enjoy a comfortable and glare-free light when travelling in the dark. The lamp is connected to the cigarette lighter or a 12-V socket.

¹ Not for vehicles with electric headrests.

² Can only be used if a passenger is not seated in the rear seat behind it.

Comfort and Protection

05-07 Your Volkswagen is designed to be comfortable. But you can make it even more comfortable – with well-thought-out Volkswagen Accessories. Scraping ice and freezing in your car in the early morning are now a thing of the past, thanks to the retrofittable and fully integrated **Volkswagen Genuine auxiliary heater**^{1,2} (05). All displays and controls can still be used once fitted. Operation is described in the vehicle wallet. The **“defreeze” auxiliary heater control** (06) lets you conveniently control the auxiliary heater from your smartphone or online app, regardless of the distance. The speed of your Volkswagen can be simply maintained at the press of a button with the **Volkswagen Genuine cruise control system (ACC)**³ (07). A maximum speed can be fixed using the additional “Speed Limiter” function is then not exceeded, even at full throttle.

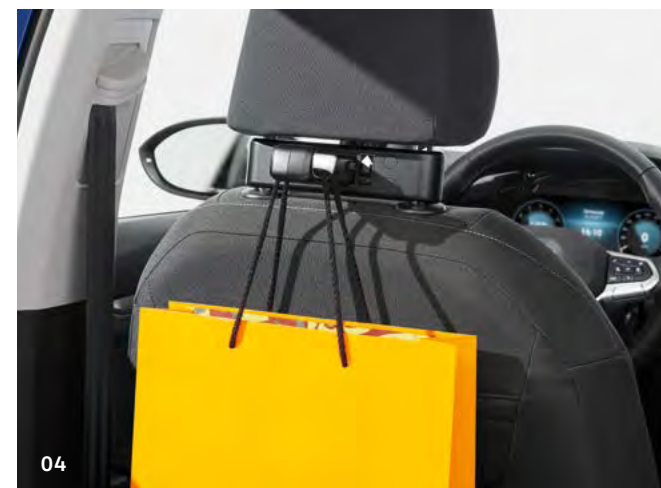

¹ Only for Germany, only for stop/start systems with brake energy recuperation. Not suitable for vehicles with climate windscreens.

² Please contact your Volkswagen dealership for more information on model versions and whether the options can be installed on your particular vehicle.

³ Gradients and slopes may affect the performance of the cruise control system. Please take system limits into account.

NOTE

One base, so many options: all the different modules can be mounted easily onto the base holder and flexibly swapped as required.

Interested in more ingenious ideas? No problem. The modular **travel and comfort system** enhances comfort for younger and older passengers in the passenger compartment. Tablet holders for various models and the folding table¹ provide a host of new possibilities for passing the time. The bag hook² and clothes hanger² are the most convenient ways of transporting your belongings with care when no one is sitting on the rear seat bench.

07 Tablet holder for Apple iPad mini 1-3⁴

08 Tablet holder for Samsung Galaxy Tab 3/4⁴ 10.1"

¹ The folding table with cup holder must be folded away during your journey if a passenger is sitting in the rear seat behind it.

² Can only be used if a passenger is not seated in the rear seat behind it.

³ This function depends on the Infotainment system in your vehicle. Please observe the notes in your vehicle manual. Videos must not be viewed while driving.

⁴ iPad/iPad Air/iPad mini are registered trademarks of Apple Computer International. Galaxy Tab is a registered trademark of Samsung Electronics Co., Ltd.

Comfort and Protection

NOTE

Thanks to the swivelling, lockable arm and 360° rotating bracket, with degree information shown, you can align the camera to the area you wish to view.

Scan the QR code to explore the travel and comfort system in moving pictures.

NOTE

Complete flexibility: the swivelling axle lets you use the tablet in both portrait and landscape modes.

Rest assured. Your most precious treasures are well secured and sitting comfortably on board in our child seats – from babies onwards. Three thoroughly tested **Volkswagen Genuine child seat models** (02-05), some with innovative SecureGuard technology and the matching **Volkswagen Genuine seat covers** (left) for underneath are available. And also the **Volkswagen Genuine additional interior rear view mirror** (01) that lets you keep an eye on your loved ones at all times.

Comfort and Protection

02

03

04

05

02 Sweet dreams. High levels of protection and comfort for newborns and babies up to 13 kg or 15 months old. The **Volkswagen Genuine G0 plus ISOFIX** offers this and more. The ISOFIX fastening system ensures that the child seat and its base frame are securely fastened to the vehicle body as well as using a 3-point belt. The child is held securely in the seat with an adjustable 5-point safety harness. Additional features include an adjustable handle, easily removable, washable fabric cover, adjustable seat insert and sun shade.

03 For older children. The **Volkswagen Genuine G1 ISOFIX DUO plus top tether** provides maximum safety and comfort for children weighing between 9 and 18 kg (eight months to approx. four years old). The height of the belt harness can be adjusted. Furthermore, the sitting position can be adjusted in multiple ways. In addition to the tried and trusted locking system using an ISOFIX connection, the seat is secured to the fastenings provided in the luggage compartment using the "top tether" connection in appropriately equipped vehicles.

04-05 Children aged between three and twelve years (15 to 36 kg) can travel well protected and in comfort with the **Volkswagen Genuine G2-3 ISOFIT** (04), thanks to height-adjustable sleep supports and options to adjust the height and inclination of the seat to suit the individual child. And with a removable back rest, the seat "grows" with them. The seat is attached using the vehicle's ISOFIX anchorage points. The child itself is strapped in using the 3-point seatbelt in the child seat. Your young passengers can now travel even better protected in the latest version with the SecureGuard safety innovation. Also available as a **GTI option** (05) without a removable backrest.

08

01 Care for and protect your precious Volkswagen at all times – Volkswagen Accessories has the made-to-measure products to let you do so. Our **Volkswagen Genuine care and cleaning products** have been developed to work ideally together both in and on the vehicle. For long-term, effective vehicle care, which protects both the material and the environment. Please refer to page 205 for more information on the individual products, as well as our seasonal care and cleaning sets.

02 The **Volkswagen Genuine first aid kit** meets the legal requirements of section 35h of the German Road Traffic Licensing Regulations and DIN 13 164, and is ideal in the event of an emergency.

03 This **5-litre fuel canister** helps you bridge the distance to the next service station.

04 The **Volkswagen Genuine “Evolution” emergency hammer** with seat belt knit and ceramic hammer head gives you the good feeling of being able to help yourself in an emergency.

05 Finally bid farewell to ice and snow with the **Volkswagen Genuine ice scraper** and free your Volkswagen of wintry obstacles in an instant. Also available as a version with telescopic rod or snow brush.

06 This intelligently-designed **Volkswagen Genuine warning triangle** is ECE-certified, requires minimal storage space and can be set up easily and quickly thanks to its swivelling metal foot.

07 The **Volkswagen Genuine breakdown assistance safety package** comes into its own in the event of a breakdown. It includes a sensible selection of products in a hard-wearing bag.

08 The **Volkswagen Genuine fire extinguisher** containing 1 kg of extinguishing powder ensures that you are well prepared in the event of an emergency, such as a vehicle fire. A **holder** (not shown) to securely fix it in the footwell is available separately.

09 Absolutely necessary and legally prescribed: the orange fluorescent **Volkswagen Genuine warning vest**¹ with Volkswagen lettering and reflective signal stripes.

¹ As of 1 July 2014, all drivers in Germany are required by law to carry a safety vest in their vehicle (with the exception of motorcycles and mobile homes); and in other European countries, a safety vest must be carried for all vehicle occupants.

Comfort and Protection

10 The innovative solution for cleanliness you can feel. The refillable **Volkswagen Genuine display cleaner 2-in-1** combines a cleaning spray and microfibre cloth. Simply practical! The display cleaner can be topped up and re-used again and again. Good for the environment and your wallet.

11 The perfect partner when out and about. The practical **Volkswagen Genuine emergency charging cable** including storage bag lets you simply charge your electric vehicle on a normal household socket even without a charging station¹. This lets you continue your journey to the nearest charging station. The use of a home charging station is recommended for fully charging your vehicle overnight at home.

12 Small animals – big impact. If martens chew on a vehicle's ignition cables or electric systems, they can leave it at risk of breaking down, leading to expensive repairs. Effectively prevent these pests in advance with effective **marten deterrent** products – from preventively effective deterrent spray² to electronic products. Refer to page 207 for an overview of all products.

¹ The socket needs to be in perfect technical working order and have been professionally installed.

² Use marten repellent spray safely. Always read the label and product information before use.
