# Full Accessories Catalogue for Commercial Vehicles

# Volkswagen Accessories

## 100 % Volkswagen

**Every single Volkswagen Genuine Accessories product is developed in parallel with the vehicle itself, and manufactured from high-quality materials using state-of-the-art production processes. We carry out strict safety tests on many accessories, some of which exceed the legally required standards. So that you stay satisfied – and your Volkswagen stays a Volkswagen.**

# 10 Vehicle-specific **Accessories**

Add an extra special touch to your vehicle. In the first section you will find our range of custom-fit aerodynamic and design solutions, as well as individual accessories for your specific vehicle model. They're sure to get you noticed!

**10** Amarok

**28** Caddy

**40** Crafter

**52** T6.1

# 68 Universal **Accessories**

From tail silencer trims, alloy wheels and communication and transport products to practical solutions for added comfort and protection. The second section showcases our universal accessories products, clearly arranged in chapters. Tables at the end quickly show you which products are available for your vehicle.

# Complete wheels you can rely on

Understanding the essentials. Our manufacturing expertise

Our complete wheels represent everything that Volkswagen Accessories stands for: outstanding quality, maximum safety standards and state-of-the-art design. No other vehicle component carries as much responsibility as the wheel. Both in terms of safe driving and the vehicle's overall appearance. Which is why we offer such an extensive range of complete wheels. Complete wheels from Volkswagen Accessories are designed to match the corresponding Volkswagen models perfectly. Drawing on their many years of experience, our engineers choose the ideal combination of wheel, tyre and vehicle to ensure that each design meets Volkswagen's high quality and safety standards. Our technical installation checks are an integral part of this, taking into account the engine variants and brake dimensions as well as axle loads.

Simply scan the QR code to explore the full range of alloy wheels and complete wheels from Volkswagen Accessories.

Volkswagen Genuine hub caps<sup>1</sup> (pictured right)  
Volkswagen Genuine hub caps are with embossed  
Volkswagen logo impress with their dynamic  
spinning function, which guarantees that the Volkswagen  
logo remains in the correct position when driving  
or parked.

## 01 Only the best succeed

### Volkswagen Genuine alloy wheels

- Strength tests check the wheel loads when the vehicle is overloaded, in collisions and cornering.
- The materials and surfaces are tested for resistance to traction, expansion, scratches and corrosion.
- Test drives on the track put the complete wheels through their paces under tough conditions.
- Endurance testing on the dual-axle wheel test bench simulates the highest possible load.

## 02 Extreme endurance athletes

### Our selected premium tyres

Over the course of its average lifetime, a tyre can travel far enough to circumnavigate the globe. As the main component that keeps the vehicle connected to the road, it has to be designed to handle a wide range of different driving conditions and provide performance you can rely on. A top-quality tyre is essential. We work closely with leading premium tyre manufacturers to ensure that all our complete wheels provide optimum contact with the road surface.

## 03 When everything works together

### The complete wheel assembly

Using the latest production technology, we automatically assemble wheels and tyres to form a single high-quality unit. Our precise assembly procedures are carried out in temperature-controlled environments to help ensure that all our complete wheels are of the highest quality, and also provide you with a range of other key benefits:

- Optimised rotational and axial measurement for each and every wheel
- Vehicle-specific residual imbalance check
- Expert storage until the complete wheels are ready for delivery

# City Crash Test

Because safety matters

Volkswagen's in-house crash tests are carried out at speeds and acceleration rates higher than those required under the DIN 75302 and ISO/PAS 11154 standards and the City Crash<sup>1</sup> test – because Volkswagen believes that its own City Crash Plus tests at 30 km/h and with a 20% overload on the roof are more realistic than the standards set by DIN and ISO.

The latter simulates a rear-end collision in an inner city area at a moderate speed of approximately 17 km/h. Although carried out by "Stiftung Warentest" and the "ADAC", it is not a legal requirement in Germany.

# Quality is when it just fits

## For everyone who wants more: even more

More intelligent transport options, for instance. Or simply more tried-and-trusted Volkswagen Genuine Accessories quality. We know that this trust is not simply granted to our Genuine parts. It has to be earned again and again, day after day. By using materials that simply work perfectly together, designing products which simply look better, and providing functions which simply open up additional opportunities. In short: by making good things better every day. More beautiful, more functional, more comfortable.

## Uncompromising satisfaction

Harder, stricter, further, more – Volkswagen test procedures for transport systems go beyond the legally prescribed standards. In terms of materials, in the laboratory and finally on the test track. Only 100% top quality products earn the Volkswagen Genuine name. No compromises.

Laboratory tests: Corrosion tests in salt water spray systems, UV resistance and many other laboratory tests examine all the relevant material properties. Certain products are exposed to extreme temperatures in climatic chamber tests. The functionality of the components must remain unimpaired at all times.

Endurance: Whether over short distances, at high speeds or along demanding routes – we test our products' durability under continuous load conditions. Our special road endurance test is carried out using the maximum permissible load and a variety of different testing profiles.

Test track: Our test drives with very high forward and side-to-side acceleration, produced by weaving around obstacles, hard braking and by driving on cobblestone surfaces, subject the transport accessories to extremely tough conditions over and over again.

**Genuine quality is  
always worthwhile:**

- Made-to-measure
- Simple installation
- Sophisticated system solutions
- High design standards

# Accessories **Amarok**

If you were to describe the Amarok in three words, they would be: **Workhorse. Powerhouse. Premium.** A spirited combination that cuts a gracefully masculine figure both on and off-road. All the more so with the right accessories.

**More universal accessories for your Amarok can be found from page 68 onwards.**

**Picture shows:** Front trim, brushed aluminium page 11, styling bar page 12, wheel housing extension page 13

# Sport and Design

**01-02** A powerful entrance. With its two-tone structured look, the **Volkswagen Genuine front trim** in Black/Silver (01) or brushed aluminium (02) lends your Amarok a powerful and striking look.

01

02

**01-03** Show what your Amarok's made of. Make a real statement to the outside world with the high-quality **decorative films** in black (02) or silver (01) with effectively cut-out Amarok lettering. The **Volkswagen Genuine styling bar** creates a visual statement feature, exuding power and robustness. The unmistakable twin pipe look in mirror finish stainless steel (03) or powder-coated black (not shown) underlines the pick-up appearance of the Amarok. The entire loading volume is retained by it being mounted on the edges of the load compartment. The styling bar can ideally be combined with a load compartment cover (see page 18).

03

## Sport und Design

**04-05** Powerful, imposing, athletic. The **wheel housing extension** makes your Amarok appear even broader and more robust, at the same time protecting it from lateral damage. The easy-to-fit **window protection strips** (05) protect your doors from damage, underlining the powerful off-road look of your Amarok.

01

02

**01-06** The ultimate look for a certain extra dynamism. Solid **Volkswagen Genuine side bars** in mirror-finish stainless steel (01) lend your Amarok a certain sophisticated sportiness, without the need for drilling. **Volkswagen Genuine side bars** with LED lighting<sup>1</sup> (02) create an illuminated visual feature on the exterior of your Amarok, at the same time as effectively protecting its side flanks. Also available in mirror-finish stainless steel with step (06) or understated black with step (04). You're also guaranteed an unmistakable entrance with **Volkswagen Genuine side bars with step**: functional at the same time as looking powerful. The durable side bars, in sophisticated, black, powder-coated steel (03) or sleek mirror-finish stainless steel (05) double as a practical aid to entering the vehicle and loading the roof.

03

04

05

06

## Sport and Design

**07** Get in comfortably, head off relaxed. **Volkswagen Genuine running boards** in aluminium provide an attractive enhancement to the side line, making it easier for you and your passengers to enter the vehicle. The custom-fit running boards can be mounted on the standard mounting points without the need for drilling, and have a load-bearing capacity of up to 200 kg.

07

01

**01-02** Practically pack, transport worry-free. The **Volkswagen Genuine rail system** (01) handles almost any transport task with ease, thanks to the universal use of the side and floor rails. Your precious cargo can be perfectly fixed to the load surface and prevented from sliding around, thanks to the **lashing strap fittings** (02) in conjunction with straps, load compartment nets and **Volkswagen Genuine roof bars for the rail system** (01). The roof bar also provides the base for other transport solutions, such as bicycle carriers or kayak holders.

02

# Transport

03

**03** Everything in its place. The **Volkswagen Genuine net bag for the rail system** is the ideal solution for stowing away all your bits and bobs, preventing loose objects from flying around on the load surface. The securing hooks and tensioning ratchet of the 2.5-metre or 5-metre long **Volkswagen Genuine tensioning strap** (not shown) reliably provide universal fastening for your load and luggage.

**04** Transform your Amarok into a powerful cart horse. The retrofit fixed **Volkswagen Genuine towing bracket** provides the ideal base for mounting a bicycle carrier or boat trailer. The 13-pin **electrical installation kit** (not shown) required needs to be ordered separately. It is perfectly coordinated to the control elements of the Amarok, ensuring reliable trailer stabilisation.

04

01

**01-03** Attractive design does not rule out exceptional functionality. The lockable and continuously opening **load compartment cover, rolling** integrates perfectly into the design of the Amarok, effectively protecting the load surface and your load. The silver-coloured cover (01-02) is made of lacquered aluminium, while the black version (03) is made of hard-wearing, vinyl-covered aluminium. Depending on the version, the cover can be used with the factory-fitted sports bar or the styling bar accessory (see page 12).

02

03

#### DETAIL

Flexible uses: its continuous opening means that even larger objects can be transported.

# Comfort and Protection

## DETAIL

Convenient to operate: the load compartment cover can be easily opened and closed, thanks to gas struts.

**04-05** Interested in even more innovative load compartment concepts? The high-quality **3-part, folding load compartment cover** in White, Candy White (not shown), Reflex Silver Metallic (04) or Deep Black Pearl Effect (not shown) reliably protects the load compartment of your Amarok. It forms an unbeatable duo with the styling bar. And, thanks to gas struts, the lockable flap can be opened very easily and conveniently. The extremely hard-wearing **tarpaulin and mounting** (05) simultaneously preventing objects from falling out. The quick-release brackets ensure that the tarpaulin can be fastened to the load surface in an instant. Cannot be used in combination with the styling bar.

#### DETAIL

Twice as good: the two-part tailgate simplifies loading from the rear.

01

01

**01** Quick-change artist par excellence. The custom-fit **Amarok Hardtop Lifestyle** simply transforms your pick-up into a large estate car with extended transport options. Combined with total comfort. The innovative tailgate features a crack-proof heated window and can easily be opened using the vehicle's remote control. A third brake light is harmoniously integrated into the attractive spoiler. The two large side windows are opened by a separate remote control, providing extremely easy access to the load surface. The LED interior lighting ensures excellent illumination when loading. The easy-to-fit hard top is available in a range of different colours to suit your personal taste. For an overview see page 26.

# Comfort and Protection

**02-04** A second skin for effective protection. The **five-piece modular load compartment liner (02)** offers a high degree of flexibility. The individual elements enable you to protect the drop side, load surface, tailgate and both drop side walls against scratches and other transport or loading damage. The made-to-measures aluminium chequer plates of the **Volkswagen Genuine load compartment lining in aluminium (03)** protect the front wall, load surface and tailgate of your vehicle, while the side panels are lined by an impact-resistant and scratch-resistant plastic liner. The hard-wearing **load compartment liner (04)** underlines the tough look of the Amarok, at the same time providing made-to-measure protection for the front wall, load surface, tailgate and drop side walls.

**05-06** Even more storage space for every occasion. The lockable **toolbox (05)** for the load surface provides plenty of space for your tools and other important items of equipment you need when on the road. The tool box is mounted across the entire width between the wheel housings. The **luggage management system (06)** for the rolling load compartment cover ensures that you always have your loads under control. It is fastened to the side rails of the rolling load compartment cover and can be flexibly moved. It is used to divide up the load compartment, at the same time as fixing your loads in place.

01

02

**01-03** Impressive look, impressive protection. The **Volkswagen Genuine rear window grille** (01) is ideal for transporting longer objects. They can be rested on the grille from the load surface without scratching the roof. Even ladders can be fixed in place and transported in this way. Optimum protection is provided by the tough, impact-resistant **Volkswagen Genuine underbody protection** (02) even on difficult terrain, effectively preventing damage to your fuel tank. Protect your Amarok and the vehicle behind from flying dirt, hazardous stones and spray with these hard-wearing **Volkswagen Genuine mudflaps** (03) for the front and rear.

03

# Comfort and Protection

**04-05** In line with the mantra "It's what's inside that matters", Volkswagen Accessories also sets great store by protecting the interior of your vehicle. Tailor-made **Volkswagen Genuine textile floor mats (05)** made of hard-wearing velour feature Amarok lettering on the front mats. Hard-wearing **Volkswagen Genuine all-weather floor mats (06)** with Amarok lettering on the front mats keep dirt and moisture in check all year round.

# Wheels

## Alloy wheels

# Accessories **Caddy**

**Great when your vehicle is up for all the serious jobs and all the fun jobs too. And if it also provides extra comfort, variability and connectivity too, then you've got one of the most popular vehicles in its class: the new Caddy. Ready to face anything that is thrown at it. Including your personal requests.**

**More universal accessories for your Caddy can be found from page 68 onwards.**

**01-02** Take everything you need with you in your Caddy. **Volkswagen Genuine cross bars** (01) made of aerodynamically shaped aluminium profiles for vehicles with roof rails and the matching and fully pre-mounted **Volkswagen Genuine roof bars** (02) form the base for the quick and stable fitting of all roof attachments. The **Volkswagen Genuine extension set** (02) for the roof bars provides you with a single roof bar you can use to flexibly extend the transport options of the roof bars. The roof bar is perfectly coordinated to the roof bar set and is easy to fit. The **luggage rack** (not shown) for vehicles with wing door or with rear door offers a wealth of different transport options and is ideal for longer objects. Thanks to its hard-wearing aluminium construction, the rack is extremely durable and weather-resistant.

<sup>1</sup> City Crash-tested in accordance with ISO/PAS 11154

# Transport

**01** Transport solutions with “pulling power”. Create the ideal base for attaching bicycle carriers or trailers<sup>1</sup> of all kinds with the retrofit fixed (not shown) or removable (01) **Volkswagen Genuine towing bracket (01)**. The 13-pin **electrical installation kit** (not shown) required needs to be ordered separately.

<sup>1</sup> Please note the permissible towing capacity of your vehicle.

# Comfort and Protection

**01-04** Practically pack, transport worry-free. The wide-ribbed **Volkswagen Genuine boot liner** (01) with Caddy lettering is extremely hard-wearing and suitable for anything that tends to make a mess in the load compartment of your Caddy, such as dirty shoes or plants. It is easy-clean, thanks to its smooth plastic finish. The **Volkswagen Genuine luggage compartment insert** (02) combines practical benefits, protection, convenience and quality. Its non-slip finish also helps to stop items from sliding around. It protects the luggage compartment from dirt and moisture. The robust, durable and custom-fit **Volkswagen Genuine luggage compartment tray** (03) with Caddy lettering is the easy way to keep your load compartment clean and tidy. The surrounding raised rim reduces the risk of liquids running out into the luggage compartment. The custom-fit **Volkswagen Genuine reversible floor covering** (04) has the right surface for all sensitive, dirty or damp goods. The robust protective fabric for the load sill can be folded out from the reversible mat and is thus effective at avoiding scratches when loading and unloading.

## DETAIL

Once turned, the sturdy plastic studs on the rear side of the reversible floor covering fix it into place so it can protect your vehicle from even heavy dirt and loads.

01

**01-02** Create order in the luggage compartment of your Caddy. Ensure that small and medium-sized objects stay where they are meant to with the **Volkswagen Genuine luggage net** (01), preventing loose objects from flying around in the luggage compartment. The **Volkswagen Genuine partition net** (02) effectively separates the passenger compartment and luggage compartment. Ideal when dogs are on board.

02

## Comfort and Protection

**03-06** Attractive design does not rule out exceptional functionality. The **Volkswagen Genuine load sill protection, stainless steel effect** (03) or black, grained look (04) looks good and also protects the paintwork. The practical, made-to-measure **Volkswagen Genuine load sill protection** (05) is made of transparent film and prevents damage during loading and unloading. It is simply glued to the load sill of the rear bumper. Rely on **Volkswagen Genuine sill panel trim films in Black/Silver** (06) to protect your heavily used door sills.

01

**01-03** Well protected in every situation. **Volkswagen Genuine door wind deflectors** (01) enable you to keep the windows slightly open and enjoy fresh air even when it is raining or snowing. The custom-fit **Volkswagen Genuine sun blind** (02) protects the occupants from direct sunlight. So now summer journeys are also a 'cool' treat for the passengers on the rear seat bench of your Caddy. Protect your Caddy and the vehicle behind from flying dirt, hazardous stones and spray with these extremely hard-wearing **Volkswagen Genuine mudflaps** (02) for the front and rear.

02

03

# Comfort and Protection

**04-08** In line with the mantra “It’s what’s inside that matters”, Volkswagen Accessories also sets great store by protecting the interior of your vehicle. Tailor-made **Volkswagen Genuine “Premium” textile floor mats (04)** made of hard-wearing velour feature Caddy lettering on the front mats. **Volkswagen Genuine “Optimat” textile floor mats (05)** with Caddy lettering on the front mats combine the features of rubber floor mats with the elegance of textile floor mats. Hard-wearing **Volkswagen Genuine all-weather floor mats (06)** with Caddy lettering on the front mats keep dirt and moisture in the footwell in check all year round. Practical **“Plus” rubber floor mats (07)** and **“Plus” textile floor mats (05)** and hard-wearing **rubber floor mats (not shown)** ensure pleasant cleanliness in the footwell of your vehicle.

# Camping and Leisure

01

02

# Wheels

## Alloy wheels

**"Merano", 16-inch**  
Brilliant Silver

**01-03** There's now nothing to stop you enjoying cooking and having a restful night's sleep when camping with the **"KombiBox" mobile kitchen (01)**. The combination box is handily stowed in the load compartment and contains all the essential things you need to have with you for a trip: bed, kitchen, water supply and storage space with telescopic drawer, possibly for a refrigerator box. It can be set up in under a minute. The kitchen is ready for use in a few seconds and the comfortable bed can be folded out in a single movement. Always have your own personal water supply on board with the practical **portable shower (02)**, whether you wish to shower, wash dishes or wash down your dog. And you're guaranteed to be well prepared for every camping holiday with the **camping starter set (03)**. Featuring levelling wedges, power adapter, CEE cable and cable drum – you've now got all the basic starter equipment you need.

03

Please also see our wide range of complete summer and winter wheels. The respective catalogues are available from your Volkswagen dealership or online at [volkswagen.de](http://volkswagen.de).

Further accessories for your wheels, including valve caps, wheel bolt locking sets, tyre bag sets and snow chains, can be found from page 98 onwards.

The requirements of the current ABE (German type approval) or of current certification must be complied with. Please use the standard-fit wheel bolts provided. Please ensure that the load index (LI) of the selected tyres is not lower than the LI specified in the vehicle documents or CoC papers. All winter alloy wheels are treated with an especially resistant coating to ensure that they are suitable for use in winter.

# Accessories **Crafter**

The core attributes of the Crafter: reliability, comfort and safety. Less is just not an option. More is always an option. Just as much as you need for your successful everyday working life.

More universal accessories for your Crafter can be found from page 68 onwards.

Picture shows: Roof bars, page 42, high bracket set/angle brackets, page 42

**01-03** Reliably carry your valuable load to its destination. Transport long and/or bulky items in your Crafter without obstructing the load surface with the **interior roof rack** (01). The two roof rack rails are mounted onto the vehicle's optional roof rails. It includes two support rails, two lashing straps and all necessary installation materials. Use the interior roof rack in vehicles without factory-fitted roof rails as well with the **installation kit** (02). The **head lashing** (03) is a logical extension to the interior roof rack and provides additional protection for loads by preventing them from slipping and being damaged. The load can be fixed in place with the tear-proof and dirt-resistant tarpaulin. Can be used with both the standard and the interior roof rack.

**01-03** You're always best equipped out on the road with tailor-made Volkswagen Accessories' transport solutions. Custom-fit **Volkswagen Genuine roof bars**<sup>1</sup> (01) made of aerodynamically shaped aluminium profiles for the roof rail form the base for the quick and stable fitting of all roof attachments. This **ladder holder** (02) for the roof bars lets you carry your ladders on the vehicle roof without damaging the paintwork. The **high bracket set** and **angle brackets** (03) are ideal when you need to transport long objects, like planks of wood, securely.

**04** Practically pack, transport worry-free. The **luggage rack** (not shown) for the roof bars offers a wealth of different transport options and is ideal for longer objects. Thanks to its plastic-coated steel construction, the rack is extremely durable and weather-resistant. Another useful helper is the **Volkswagen Genuine roller**, which is mounted on the rear roof bar and lets you simply push objects forward on the roof without scratching it. It makes loading the roof with bulky loads child's play.

01

02

**01-02** Tidiness is half the battle. Volkswagen Accessories has the right product to ensure that you retain an overview even in the stress of everyday transport. Transport your valuable load damage-free to its destination with the **load securing set** (01). The practical box contains two ratchet tensioning lock straps, two clamping lock straps, four edge protectors and four non-slip pads to fix loads securely in place. The brochure supplied provides lots of useful practical tips for optimum load securing. The stable tailor-made **wall bracket** (02) is simply attached to the partition of the Crafter, ensuring that you always have your load securing set to hand, without any lengthy searching.

**03** Take everything you need with you in your Crafter. Provide the ideal base for pulling trailers of all kinds with the retrofit fixed **Volkswagen Genuine towing bracket**, significantly extending your load capacity. The 13-pin **electrical installation kit** (not shown) required needs to be ordered separately. The **Volkswagen Genuine ball head** for the Crafter with factory-fitted end cross-member and/or towing hitch is simple and quick to screw on and unscrew. It is designed to fit the vehicle perfectly and facilitates the safe use of towing devices. A convenient addition to your Crafter is the **Volkswagen Genuine step**, which makes it easier to enter and exit the vehicle through the rear doors, despite the high entry height.

03

# Transport

**04-05** Safety first. This also applies to the load compartment of your Crafter. The adjustable **tensioning bar** (04), which can be flexibly adjusted from 1,250 to 2,100 mm and can be used horizontally and vertically. It is ideal for use with the load securing net and tensioning straps to reliably fix your loads in place. The **load securing net** (05) can be simply fastened to the standard lashing points or lashing strap fittings. You will always have your load under control with belt webbing along its entire length and the clamping lock. Please refer to page 49 for an overview of all possible sizes.

**06-07** Properly fixing your load in place can be a tense matter – in the truest sense of the word. Secure even large, heavy loads to the lashing rails in the load compartment to prevent them from slipping around with the **lashing strap with ratchet tensioning lock** (06). Attach, tighten and off you go. The **Volkswagen Genuine lashing strap fitting** (07) is indispensable when it comes to securing your load properly in the load compartment. The lashing strap fitting can be attached to the lashing rails and to the single tensioning point on the tensioning bar.

# Comfort and Protection

**01-02** Optimum protection in all weathers. **Volkswagen Genuine door wind deflectors** (04) enable you to keep the windows slightly open and enjoy fresh air even when it is raining or snowing. Hard-wearing **Volkswagen Genuine all-weather floor mats** (05) keep dirt and moisture in the interior of your Crafter in check all year round.

Impressive exterior protection. Protect your Crafter and the vehicle behind from flying dirt, hazardous stones and spray with these extremely hard-wearing **Volkswagen Genuine mudflaps** (not shown) for the front and rear. Refer to page 49 for an overview of all models.

The ideal partner out on the road. The practical **Volkswagen Genuine emergency charging cable** (not shown) including storage bag lets you simply charge your electric vehicle on a normal household socket even without a charging station<sup>1</sup>. This lets you continue your journey to the nearest charging station. The use of a home charging station is recommended for fully charging your vehicle overnight at home.

**03** The Crafter can be this versatile: The vehicle is ideally prepared for customisation, possibly by second stage manufacturers or fleet management, with **Volkswagen Genuine retrofit control units**<sup>2</sup> and/or **Volkswagen Genuine function extension activation documents**<sup>2</sup>.

<sup>1</sup> The socket needs to be in perfect technical working order and have been professionally installed.

<sup>2</sup> Further information can be obtained from your Volkswagen Commercial Vehicles dealership.

# Camping and Leisure

**01-04** Always have a roof over your head even outside the vehicle. Enjoy fresh air in front of your Crafter, without being exposed to the direct sun or rain with the retrofit **Volkswagen Genuine awning**<sup>1</sup> for the “Grand California” (01) in black or white: ideal for camping trips or trips out into the countryside. Simply extend your existing basic table by attaching the **table extension** (02) for the “Grand California”, conveniently making space for more people at the table. Always have your own personal water supply on board with the practical **portable shower** (03), whether you wish to shower in the tailgate tent, wash dishes or wash down your dog. And you’re guaranteed to be well prepared for every camping holiday with the **camping starter set** (04). Featuring levelling wedges, power adapter, CEE cable and cable drum – you’ve now got all the basic starter equipment you need. Functionality at its most stylish: compactly transport two bikes on the wing door of your Crafter with the **Volkswagen Genuine bicycle carrier for the “Grand California” tailgate** (not shown). Its design also lends the rear of the vehicle a sporty off-road look. Refer to page 78 for an overview of all technical details and specifications.

<sup>1</sup> Refer to page 50 for an overview of all models and installation accessories.

# Accessories **T6.1**

**T6.1 – one for all.**  
The T6.1 is the right choice when reliability and durability are called for, or even aesthetics and prestige. For tough working days and comfortable after-work leisure time. It's great that it has the right accessories for all these many uses.

More universal accessories for your T6.1 can be found from page 68 onwards.

**Picture shows:** Roof bars page 55, ladder holder page 56, roller page 56, towing bracket page 57

## Sport and Design

**01-03** Stellar features with practical benefits. The **side bars** in mirror-finish stainless Steel (01) or Black (02) visually enhance the side line of your T6.1, giving your vehicle an even sportier appearance. They can be fitted in next to no time, thanks to the fastening material supplied. Emphasise the unmistakeable character of your T6.1 with the **running boards** (03) in elegant black, creating a visual statement with the stainless steel applications. Thanks to their non-slip rubber strips, the running boards, which have a load-bearing capacity of 200 kg, make it easier to enter the vehicle, at the same time offering easier access to the roof.

# Sport and Design

**01-04** Visual diversity for a diverse vehicle. The **Volkswagen Genuine load sill protection, stainless steel effect** (01) or black grained look (02) protects the paintwork during loading and unloading, but also gives your vehicle a distinctive look. It is quick and easy to attach to the load sill of the rear bumper. This almost invisible and made-to-measure **Volkswagen Genuine loading sill protection film, transparent** (03) prevents minor damage during loading and unloading. Create an eye-catching feature on your T6.1 with the attractive **Volkswagen rear protection strip with a high-gloss chrome look** (04), at the same time protecting the sensitive edge of the tailgate.

**01-02** You're always best equipped out on the road with tailor-made Volkswagen Accessories' transport solutions. Custom-fit **Volkswagen Genuine roof bars**<sup>1</sup> (01) made of aerodynamically shaped aluminium profiles for the roof rail form the base for the quick and stable fitting of all roof attachments. The **Volkswagen Genuine extension set** (02) for the roof bars provides you with a single roof bar you can use to flexibly extend the transport options of the roof bars. The roof bar is perfectly coordinated to the roof bar set and is easy to fit.

<sup>1</sup> City Crash-tested in accordance with ISO/PAS 11154

**01-02** Practically pack, transport worry-free. This **Volkswagen genuine ladder holder** (01) for the roof bars lets you carry your ladders on the vehicle roof without damaging the paintwork. Another useful helper is the **Volkswagen Genuine roller** (02), which is mounted on the rear roof bar and lets you simply push objects forward on the roof without scratching it. It makes loading the roof with bulky loads child's play.

**03-05** Heading off in your leisure time. Your T6.1 will come along with you. The **Volkswagen Genuine "Premium"** (03) and **"Comfort"** (04) tailgate carriers for space-saving transport on the rear of the vehicle, are ideally tailored to the line of the T6.1. The fully pre-assembled carriers can transport up to four bicycles on the rear of the vehicle. The intelligent design means that you can still open the tailgate easily, even when the carrier is attached (without bicycles). This also applies to the electric tailgate with the "Premium" carrier. The bike frame holder can be moved with the "Premium" design and so loaded more conveniently. The retrofit fixed (not shown) or removable **Volkswagen Genuine towing bracket** (05) provides the ideal base for transporting bicycle carriers or trailers of all kinds. The 13-pin **electrical installation kit** (not shown) required needs to be ordered separately.

Refer to page 78 for an overview of all technical details of Volkswagen Genuine bicycle carriers.

01

02

## DETAIL

Once turned, the sturdy plastic studs on the rear side of the reversible floor covering fix it into place so it can protect your vehicle from even heavy dirt and loads.

03

**01-04** Custom-fit protection for your T6.1 can be this lightweight and flexible. Practical benefits, protection, convenience and quality come together in the **Volkswagen Genuine luggage compartment insert (01)** for the Multivan, Caravelle or California with short wheel-base. Its non-slip finish also helps to stop items from sliding around. It protects the luggage compartment from dirt and moisture. The wide-ribbed **Volkswagen Genuine boot liner (02)** with Volkswagen lettering is extremely hard-wearing and suitable for anything that tends to make a mess in the luggage compartment of your Multivan, California or Caravelle, such as dirty shoes or plants.

It is easy-clean, thanks to its smooth plastic finish. The custom-fit **Volkswagen Genuine reversible floor covering (03)** for the Multivan has the right surface for all sensitive, dirty or damp goods. The robust protective fabric for the load sill can be folded out from the reversible mat and is thus effective at avoiding scratches when loading and unloading. Separate the passenger compartment from the luggage compartment in the Multivan or transporter with the **Volkswagen Genuine mesh partition (04)**. It is a useful aid when transporting loads of all kinds, or when carrying dogs.

04

# Comfort and Protection

**05-07** Best equipped for every situation. **Volkswagen Genuine door wind deflectors (05)** enable you to keep the windows slightly open and enjoy fresh air in your T6.1 even when it is raining or snowing. Rely on high-quality **Volkswagen Genuine sill panel trim films in black (06)** to protect the heavily used door sills of your vehicle, at the same time as creating an attractive visual feature. Protect your T6.1 and the vehicle behind from flying dirt, hazardous stones and spray with these extremely hard-wearing **Volkswagen Genuine mudflaps (07)**.

01

# Comfort and Protection

**01-04** In line with the mantra “It’s what’s inside that matters”, Volkswagen Accessories also sets great store by protecting the interior of your vehicle. Hard-wearing **Volkswagen Genuine all-weather floor mats (01)** with Volkswagen lettering on the front mats keep dirt and moisture in check all year round. Tailor-made **Volkswagen Genuine “Premium” textile floor mats (02)**, made of hard-wearing velour, ensure comfort and cleanliness in your T6.1. The mats can be secured to prevent them from slipping, thanks to the securing system and the coating on their rear. Practical **“Plus” textile floor mats (03)** and **“Plus” rubber floor mats (04)** ensure pleasant cleanliness in the footwell of your vehicle.

01

02

**01-03** Transform your T6.1 into a veritable all-rounder, thanks to Volkswagen Accessories' solutions. The **Volkswagen Genuine tailgate tent (01)** attaches quickly to the open tailgate, giving you a practical extension to your living space on camping trips. The tailgate tent is perfect as a shower cubicle, toilet or as weather protection. Especially practical: the removable tunnel entrance has a mosquito window that can be sealed. The easy-to-erect **tent** (not shown) is ideal as a wind break or as sleeping quarters. The **sun awning** (not shown) can be inflated in an instant with an air hose, providing a shady spot in front of your Multivan, Caravelle or California. The **Volkswagen Genuine MultiFlex board (02)** is a real all-rounder. If used with a mattress, it can be used as a comfortable bed or as a versatile shelf.

Perfect for camping holidays or longer days out: the **Volkswagen Genuine refrigeration and insulation box (03)** for the vehicle rail system in the Multivan or California Beach. The box, which holds 32-litres, ensures that your snacks and drinks are always kept at the right temperature, whether hot or cold.

03

# Camping and Leisure

04

05

06

07

**04-07** Welcome home. There's now nothing to stop you enjoying cooking even when camping with the **"Bus Box" mobile kitchen (04)**. It features a washing facility with a large canister, versatile shelves and a pull-out table. There's plenty of space for all your pots and tableware. And the ingenious idea: when folded down, the camping kitchen can be used with the **mattress (05)** as a bed or couch. Always have your own personal water supply on board with the practical **portable shower (06)**, whether you wish to shower in the tailgate tent, wash dishes or wash down your dog. And you're guaranteed to be well prepared for every camping holiday with the **camping starter set (07)**. Featuring levelling wedges, power adapter, CEE cable and cable drum – you've now got all the basic starter equipment you need.

# Wheels

## Summer **alloy wheels**

**"Dakar", 18-inch**  
Brilliant Silver

**"Dakar", 18-inch**  
Black, diamond-turned

Please also see our wide range of complete summer and winter wheels. The respective catalogues are available from your Volkswagen dealership or online at **[volkswagen.de](http://volkswagen.de)**.

Further accessories for your wheels, including valve caps, wheel bolt locking sets, tyre bag sets and snow chains, can be found from page 98 onwards.

## Winter **alloy wheels**

**"Corvara", 16-inch**  
Brilliant Silver

**"Merano", 17-inch**  
Brilliant Silver

**"Merano", 17-inch**  
Adamantium Dark Metallic

The requirements of the current ABE (German type approval) or of current certification must be complied with. Please use the standard-fit wheel bolts provided. Please ensure that the load index (LI) of the selected tyres is not lower than the LI specified in the vehicle documents or CoC papers. All winter alloy wheels are treated with an especially resistant coating to ensure that they are suitable for use in winter.

**01-02** Never lose the connection. That will never happen to you with the high-grade **USB Premium connection cables** (01). Use the specially developed cables to connect your smartphone to your Volkswagen's Infotainment system, and make use of functions, such as CarPlay™<sup>1</sup> in AppConnect. Your device is charged at the same time. Refer to page 72 for an overview of all connector versions and cable lengths. The **Volkswagen Genuine DUCI** (Double USB Charger Insert) (02) with 2 x 2.4 amps lets you charge your mobile devices quickly and conveniently using two USB ports. Simply insert it into the cigarette lighter and you're done.

**03-05** Perfectly connected. The **AppConnect activation document<sup>1</sup>** (03) for MIB Standard and MIB2 Entry brings MirrorLink™, Apple's CarPlay™<sup>1</sup> function and Google's Android™<sup>1</sup> function to the touchscreen of your Volkswagen Infotainment system for vehicles from model year 2016 onwards. The universal **"Smartfit Evolution" smartphone holder<sup>2</sup>** (04) with 3D ball joint and flexibly adjustable retaining clamps means that your mobile phone is always in sight, for navigation and more.

Following activation using the **Volkswagen voice control activation document<sup>3,4</sup>** (05), you can control the phone and radio features of the Composition Media radio, and also operate the Discover Media navigation system without taking your hands from the wheel. Only for vehicles from model years 2016-2020.

<sup>1</sup> iPhone, iPod, iPad, iPad mini, iPad Air, Apple Lightning and CarPlay are registered trademarks of Apple Computer International. Galaxy Tab is a registered trademark of Samsung Electronics Co., Ltd. Android is a trademark of Google Inc.

<sup>2</sup> Do not operate your smartphone while driving.

<sup>3</sup> Refer to page 72 for an overview of all models.

<sup>4</sup> Please enquire at your Volkswagen dealership whether the options can be installed on your particular vehicle.

# Bicycle carriers at a glance

**Simply and conveniently transport up to three bicycles or electric bicycles with the innovative Volkswagen Genuine bicycle carriers for the towing bracket.**

## **SPECIAL FEATURES**

90° folding function: The foot pedal enables the Volkswagen Genuine "Premium" and "Basic Flex" bicycle carriers to be folded out extra wide so that the luggage compartment can still be accessed, even with vehicles with large tailgates.

Genuine "Premium" and "Basic" bicycle carriers, which fold down to extremely compact dimensions, provide for space-saving transport.

The bicycle carrier folds down fully for compact storage in the luggage compartment.

The optional transport bag helps to safely transport the carrier for the "Premium" and "Basic" bicycle carriers and store it away tidily.

Refer to page 76 for an overview of all technical details.

02

## QUICK-ACTION CLAMP

Pre-adjusted quick-action clamp for easy and secure clamping of the supporting bar.

Volkswagen Accessories gives you the freedom to simply and conveniently take your bicycles with you. There is a wide range of bicycle carriers for the towing bracket to suit every requirement – and every bicycle. The flexibly extendible **Volkswagen Genuine "Basic Flex" bicycle carrier** (01) for the towing bracket is suitable for transporting two or three bicycles. Thanks to its extra-large folding mechanism, the load compartment can also be opened even with large tailgates. The **extension set** (01) for a third bicycle means that it can be flexibly adapted to your needs. The lightweight **Volkswagen Genuine "Premium" bicycle carrier** (02) impresses with its innovative fixing and effortlessly simple assembly with its lever-free locking mechanism. It is ideal for transporting two bicycles or electric bicycles. The lightweight and compact folding **Volkswagen Genuine "Compact II" bicycle carrier** (pictured on page 76) carries two bicycles or electric

bicycles weighing up to 60 kg and can conveniently be folded down using a large foot pedal to ensure that the boot lid remains accessible. Also available as the **Volkswagen Genuine "Compact III" bicycle carrier** (pictured on page 77) for three bicycles. The **Volkswagen Genuine "Basic" bicycle carrier** (pictured on page 77) for the transport of two bicycles or electric bicycles impresses with its light weight (only 12 kg own weight) and patented lever-free locking mechanism. The carrier can be folded down completely to a very small size and stowed away to save space. The folding **Volkswagen Genuine loading ramp** (02), which can be dismantled, is ideal for helping to conveniently push bicycles onto all Volkswagen Genuine bicycle carriers. A storage bag is included.

## PRACTICAL

The practical pull-out function makes the ski and snowboard carrier very easy to load and unload.

**01-02** Off to the slopes. The lockable **Volkswagen Genuine "Comfort" ski and snowboard carrier** (01) with pull-out function lets you transport your valuable skis or wakeboard conveniently on the roof of your Volkswagen. Also available as the **Volkswagen Genuine "Basic" ski and snowboard carrier** (not shown) without pull-out function. The roof bars or cross bars provide the base for this. The handy **Volkswagen Genuine ski bag** (02) protects up to four pairs of skis and sticks when transporting them in a roof box or strapped in by the seat belts in the vehicle interior.

**03-04** Leisure time is calling – and Volkswagen Accessories has the right transport solutions for it. The **surfboard carrier** (03) transports your surfboard and its two-piece mast safely to its destination. Thanks to its moveable rubber supports, the **Volkswagen Genuine kayak carrier** (04) carries kayaks weighing up to 25 kg without bouncing or slipping.

# Roof boxes at a glance

Roof box "Basic 460"	Roof box "Urban Loader"
Black, matt	Black, matt
460	300-500 (variable)
2,300	1,408
390	259-517 (variable)
750	886
21	15
75	50
T-groove rail	U-shaped bracket

## NOTE

And with the innovative DuoLift system, all "Comfort" roof boxes can be opened easily from both sides.

In vehicles with rod aerials, the aerial may come into contact with the roof box depending on the vehicle model and aerial length. The aerial may have to be unscrewed if necessary. Depending on the vehicle configuration or model selection, the roof box may collide with the boot lid when open due to the different lengths. Please pay attention to the vehicle-dependent load conditions.

**01** Why not show what you have? Add a dash of individuality to your Volkswagen with the curved **Volkswagen Genuine "Wolfsburg crest" badge** in high-quality Black/Chrome. The set includes two badges.

**02-04** Enjoy your Volkswagen during your breaks too. The high-grade **"Volkswagen Edition" espresso machine** (02) for the 12 V-socket means that you always have your own little coffee bar on board. The set includes two break-proof espresso cups, a napkin, 25 espresso pods and an attractive storage case. A tidy matter. Quickly get rid of sweet wrappers and chewing gum papers and prevent them from flying around the inside of your Volkswagen in the **Volkswagen Genuine waste container** (03) for the cup holder. The energy-efficient (A++) **Volkswagen Genuine cool and thermos box** (04), which has a capacity of approximately 25-litres, helps to keep snacks and drinks at a perfect temperature at all times. The box connects to a 12 V/230 V socket in the car or home.

# Comfort and Protection

**05-08** A tidy house, a tidy mind: in your Volkswagen too. The **Volkswagen Genuine "Snakey" headrest hook<sup>1</sup>** (05) is a handy twin pack of organisers, which can be mounted onto the headrest struts of the front seats. The **Volkswagen Genuine clothes hanger<sup>2</sup>** (06) keeps your shirts, jackets and other similar items of clothing beautifully crease-free. **Volkswagen Genuine "Clean Solution" waste bag** (07), which attaches to the headrest struts of the front seats to keep the interior of your vehicle clean and tidy. When a bag is taken out, a new one is automatically pulled into place. The energy-efficient **Volkswagen Genuine LED reading lamp** (08) with adjustable swan neck and Volkswagen logo lets your passengers enjoy a comfortable and glare-free light when travelling in the dark. The lamp is connected to the cigarette lighter or a 12-V socket.

<sup>1</sup> Not for vehicles with electric headrests.

<sup>2</sup> Can only be used if a passenger is not seated in the rear seat behind it.

## NOTE

One base, so many options: all the different modules can be mounted easily onto the base holder and flexibly swapped as required.

Interested in more ingenious ideas? No problem. The modular **travel and comfort system** enhances comfort for younger and older passengers in the passenger compartment. Tablet holders for various models and the folding table<sup>1</sup> provide a host of new possibilities for passing the time. The bag hook<sup>2</sup> and clothes hanger<sup>2</sup> are the most convenient ways of transporting your belongings with care when no one is sitting on the rear seat bench.

01 Basic module

02 Folding table with cup holder<sup>1</sup>

03 Clothes hanger<sup>2</sup>

04 Bag hook<sup>2</sup>

05 Action camera holder<sup>3</sup>

06 Tablet holder for Apple iPad 2-4<sup>4</sup>

Tablet holder for Apple iPad Air 1-2<sup>4</sup> (similar to the illustration)

07 Tablet holder for Apple iPad mini 1-3<sup>4</sup>

08 Tablet holder for Samsung Galaxy Tab 3/4<sup>4</sup> 10.1"

<sup>1</sup> The folding table with cup holder must be folded away during your journey if a passenger is sitting in the rear seat behind it.

<sup>2</sup> Can only be used if a passenger is not seated in the rear seat behind it.

<sup>3</sup> This function depends on the Infotainment system in your vehicle. Please observe the notes in your vehicle manual. Videos must not be viewed while driving.

<sup>4</sup> iPad/iPad Air/iPad mini are registered trademarks of Apple Computer International. Galaxy Tab is a registered trademark of Samsung Electronics Co., Ltd.

# Comfort and Protection

## NOTE

The swivelling, lockable arm and 360° rotating bracket with marked degree intervals make it easy to align the camera with the area you wish to view.

Scan the QR code to explore the travel and comfort system in moving pictures.

## NOTE

Complete flexibility: The swivelling axle lets you use the tablet in both portrait and landscape modes.

Rest assured. Your most precious treasures are well secured and sitting comfortably on board in our child seats – from babies onwards. Three thoroughly tested **Volkswagen Genuine child seat models** (02-05), some with innovative SecureGuard technology and the matching **Volkswagen Genuine seat covers** (left) for underneath are available. And also the **Volkswagen Genuine additional interior rear view mirror** (01) that lets you keep an eye on your loved ones at all times.

# Comfort and Protection

02

03

04

05

**02** Sweet dreams. High levels of protection and comfort for newborns and babies up to 13 kg or 15 months old. The **Volkswagen Genuine G0 plus ISOFIX** offers this and more. The ISOFIX fastening system ensures that the child seat and its base frame are securely fastened to the vehicle body as well as using a 3-point belt. The child is held securely in the seat with an adjustable 5-point safety harness. Additional features include an adjustable handle, easily removable, washable fabric cover, adjustable seat insert and sun shade.

**03** For older children. The **Volkswagen Genuine G1 ISOFIX DUO plus top tether** provides maximum safety and comfort for children weighing between 9 and 18 kg (eight months to approx. four years old). The height of the belt harness can be adjusted. Furthermore, the sitting position can be adjusted in multiple ways. In addition to the tried and trusted locking system using an ISOFIX connection, the seat is secured to the fastenings provided in the luggage compartment using the "top tether" connection in appropriately equipped vehicles.

**04-05** Children aged between three and twelve years (15 to 36 kg) can travel well protected and in comfort with the **Volkswagen Genuine G2-3 ISOFIT** (04), thanks to height-adjustable sleep supports and options to adjust the height and inclination of the seat to suit the individual child. And with the removable back rest, the seat "grows" with them. The seat is attached using the vehicle's ISOFIX anchorage points. The child itself is strapped in using the 3-point seatbelt in the child seat. Your young passengers can now travel even better protected in the latest version with the SecureGuard safety innovation. Also available as a **GTI option** (05) without a removable backrest.

01

02

03

**01** Care for and protect your precious Volkswagen at all times – Volkswagen Accessories has the made-to-measure products to let you do so. Our **Volkswagen Genuine care and cleaning products** have been developed to work ideally together both in and on the vehicle. For long-term, effective vehicle care, which protects both the material and the environment. Please refer to page 95 for more information on the individual products, as well as our seasonal care and cleaning sets.

**02** The **Volkswagen Genuine first aid kit** meets the legal requirements of section 35h of the German Road Traffic Licensing Regulations and DIN 13 164, and is ideal in the event of an emergency.

**03** This **5-litre fuel canister** helps you bridge the distance to the next service station.

04

05

**04** The **"Evolution" emergency hammer** with seat belt cutter and ceramic hammer head gives you the good feeling of being able to help yourself in an emergency.

**05** Finally bid farewell to ice and snow with the **Volkswagen Genuine ice scraper** and free your Volkswagen of wintry obstacles in an instant. Also available as a version with telescopic rod or snow brush.

**06** This intelligently-designed **Volkswagen Genuine warning triangle** is ECE-certified, requires minimal storage space and can be set up easily and quickly thanks to its swivelling metal foot.

07

08

09

**07** The **Volkswagen Genuine breakdown assistance safety package** comes into its own in the event of a breakdown. It includes a sensible selection of products in a hard-wearing bag.

**08** The **Volkswagen Genuine fire extinguisher** containing 1 kg of extinguishing powder ensures that you are well prepared in the event of an emergency, such as a vehicle fire. A **holder** (not shown) to securely fix it in the footwell is available separately.

**09** Absolutely necessary and legally prescribed: the orange-coloured and fluorescent **Volkswagen Genuine warning vest**<sup>1</sup> with Volkswagen lettering and reflective signal stripes.

<sup>1</sup> As of 1 July 2014, all drivers in Germany are required by law to carry a safety vest in their vehicle (with the exception of motorcycles and mobile homes); and in other European countries, a safety vest must be carried for all vehicle occupants.

# Comfort and Protection

**10** The innovative solution for cleanliness you can feel. The refillable **Volkswagen Genuine display cleaner 2-in-1** combines a cleaning spray and microfibre cloth. Simply practical! The display cleaner can be topped up and re-used again and again. Good for the environment and your wallet.

**11** The perfect partner when out and about. The practical **Volkswagen Genuine emergency charging cable** including storage bag lets you simply charge your electric vehicle on a normal household socket even without a charging station<sup>1</sup>. This lets you continue your journey to the nearest charging station. The use of a home charging station is recommended for fully charging your vehicle overnight at home.

**12** Small animals – big impact. If martens chew on a vehicle's ignition cables or electric systems, they can leave it at risk of breaking down, leading to expensive repairs. Effectively prevent these pests in advance with effective **marten deterrent** products – from preventively effective deterrent spray<sup>2</sup> to electronic products. Refer to page 97 for an overview of all products.

<sup>1</sup> The socket needs to be in perfect technical working order and have been professionally installed.

<sup>2</sup> Use marten repellent spray safely. Always read the label and product information before use.

This table shows the available options with the individual products and our current vehicle models. Please contact your Volkswagen dealership for more information as to whether the options can be installed on your particular vehicle.

The specified fitting times are guidelines, 100 TU (time units) correspond to one hour. The prices listed do not include installation costs. Valid from January 2021.

\* The prices specified are non-binding recommended retail prices (RRP) and include the VAT applicable at the time of publication.

**01-04** The absolute highlight for your Volkswagen. **Volkswagen Genuine dynamic hub caps** (01) with an embossed Volkswagen logo impress with their dynamic spinning function and, even at a speed of 200 km/h, guarantee that the logo is always perfectly positioned while driving and in any parking position. Protect the high-quality wheels of your Volkswagen with the **Volkswagen Genuine tyre bag set** (02). There are different version of the set for different tyre sizes. Personalise your Volkswagen down to the smallest detail with the **Volkswagen Genuine valve cap set** (03) for aluminium or rubber/metal valves. The ideal anti-theft protection for your precious alloy wheels: the **Volkswagen Genuine wheel locking set** (04).

**05-06** Keep a real 'grip' on the road. Even in wintry conditions. **Volkswagen Genuine "Snox" snow chain (powered by pewag)**<sup>1</sup> (05) and **Volkswagen Genuine "Servo SUV" snow chains (powered by pewag)**<sup>1</sup> (06) feature an innovative fastening system and an automatic tensioning function. Ensuring you reach your destination safe and sound even in snowy conditions.

<sup>1</sup> Please enquire at your Volkswagen dealership whether the options can be installed on your particular vehicle.
